

## Final BULLETINS

### Nazi Bombers Hit London in Reprisal

LONDON (CP)—Axis bombers struck at London tonight, dropping explosives and incendiaries in reprisal for the destructive R.A.F.-R.C.A.F. attack Monday night on Berlin.

The raid appeared to be developing much along the same lines as German attacks of old, but there was no indication the Germans were copying the R.A.F.'s "saturation" tactics of engulfing anti-aircraft defences with heavy cargoes of bombs plummeting down in a brief period.

Fire engines raced to several areas where incendiaries had fallen, and now and then an explosion could be heard from the middle of the city.

But after the raid had continued for more than half an hour observers expressed belief only a few raiders had approached the capital.

### Services Cost \$3,320,000,000

OTTAWA (CP)—Finance Minister Isley told the Commons this afternoon that the armed forces during the fiscal year 1943-44 will require \$3,320,000,000, compared with \$1,913,000,000 in 1942-43.

### B.C. Wreck Probe

VANCOUVER (CP)—Mr. Justice Sidney Smith has been appointed by the Dominion government to conduct an inquiry into the sinking of the coastal freighter Northholm in a storm off the northern tip of Vancouver Island Jan. 16 with loss of 15 lives. G. L. Fraser, K.C., will represent the department of justice.

### Germans Prepare To Evacuate Orel

LONDON (CP)—A Reuters News Agency dispatch from Stockholm tonight said late reports from the Russian front indicated the Germans were preparing to withdraw from Orel as the Red Army occupied the village of Chotovo, less than 20 miles south of that Nazi-held city on the Moscow-Kursk railroad.

### Job for Thousands

STOCKHOLM (AP)—Berlin dispatches to Stockholm newspapers said today Munitions Minister Albert Speer and the mayor of Berlin had appealed to residents of the German capital for a special mobilization of all forces to repair the damage caused by the R.A.C.-R.C.A.F. bombing Monday night.

### Talk of 4th Term

WASHINGTON (AP)—Some Democratic National Committee members broached the idea of a fourth term for President Roosevelt at a White House meeting today, but Chairman Frank C. Walker said it was not a serious presentation and also that it "got no response" from the President.

### Meet U-Boat Threat

QUEBEC (CP)—Threats of increased submarine activity by the Axis in 1943 will be met by strengthened coastal defences and increased escorts, Navy Minister Macdonald said today. "The battle against the submarine is not won," he said in an address to the Canadian Club here. "But you may rest assured the Allied navies are not overlooking anything which may contribute to the winning of the battle against submarines."

### May Lift Auto Ban

WASHINGTON (AP)—Price Administrator Prentiss M. Brown said today lifting of the pleasure-driving ban in the eastern United States about March 22, is "under consideration," but that no definite decision has been made.

### Churchill Back at Work

LONDON (CP)—Prime Minister Churchill attended his first cabinet meeting today since he came down with pneumonia after his war conferences at Casablanca and Adana. He presided over the special meeting called to discuss the situation caused by the death of Rt. Hon. Edward Fitzroy, Speaker of the House of Commons.

# Russians Retake Rzhev In Fierce Battle

## Canada Builds 40% As Many Ships As Great Britain

LONDON (CP)—A. V. Alexander, First Lord of the Admiralty, in telling the House of Commons today that convoy escort fleets are to be greatly strengthened, paid tribute to the work of the Canadian navy in the vital fight to keep Allied sealanes open.

"The Royal Canadian Navy has come to our aid, and four Canadian escort groups and Canadian corvettes of an American group have for the past year been bringing over some of our ocean convoys, and have achieved notable successes against U-boats," he said.

"In this country, the United States and Canada, great programs are in hand and the United Nations will this year receive additions to their escort fleets far greater than in previous years."

### RECORD FOR 1942

Speaking of merchant ship production, Alexander said that in 1942 Canadian production had exceeded 40 per cent of that of Britain.

Alexander said that since presentation of his naval estimates last year the Royal Navy and Dominion navies had passed through "one of the most exacting and dangerous periods in the whole of our great naval history." "At some sacrifice to protection elsewhere the Royal Navy and Dominion navies had contrived to give considerable aid to the United States navy in North American waters, when U-boats were at the peak of their operations in that area."

### 200 CORVETTES NOW

More than 900 warships, ranging from trawlers to battleships, have been completed in British shipyards here and overseas since the war began, Alexander announced. He said the corvette fleet now numbers more than 200.

"The fleet today is 'a great deal stronger than a year ago, in spite of heavy losses.'"

He also disclosed that in the last three months shipping losses "have been much less than in the corresponding months of last winter."

Warning against further serious losses, he said "there is still probably a larger output of U-boats than the total numbers killed, but the gap is being reduced."

The occasion of his speech was the introduction of the new naval estimates. In accordance with wartime practice, the amount was not stated.

### LOSSES IN NORTH

Alexander said that convoys to Russia have cost the Royal Navy two cruisers, 10 destroyers, six other warships and many merchantships, but this aid to Russia had "paid a great dividend to the United Nations cause."

### Meats, Cheese, Butter To Be Rationed in U.S.

WASHINGTON (AP)—Meats, cheese, butter, cooking fats and oils will be rationed in the United States beginning April 1, it was reported today, under current plans of food and rationing agencies.

The sources for this information, who withheld use of their names, said meat rations probably would run about 1 1/2 pounds per person a week.

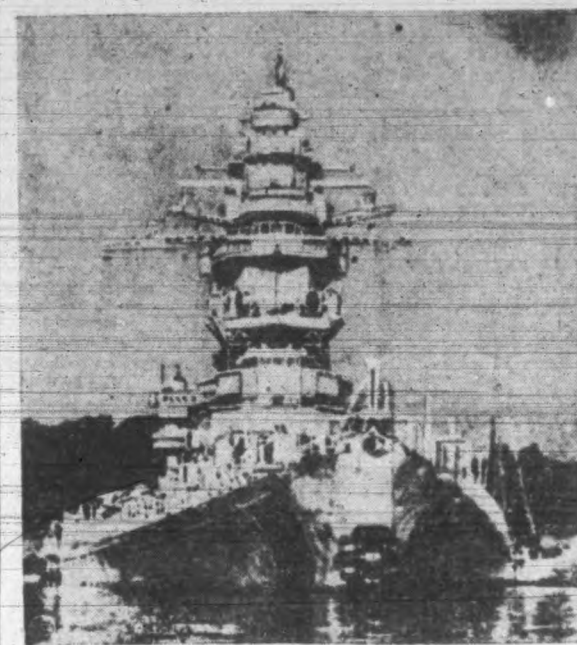

### Train Crash Kills Man

VIRIDEN, Man. (CP)—Clifford Westcott of Whitewood, Sask., was killed, and George F. Phil, 45, of Moosomin, Sask., and Andrew Spence, 58, of Qu'Appelle, Sask., were injured when two Canadian Pacific freight trains collided in the yards here early today. All were in the stock coach of a standing east-bound freight.

### 3,000,000 Babies Coming

WASHINGTON, D.C.—More than 3,000,000 babies are expected to arrive in the United States this year. It's the biggest baby boom in the history of the country. The fact that it comes when more than 70,000 of the nation's doctors are out of civilian practice and with the armed forces, was pointed out by health officials here today as raising still more difficult problems in hospitalization, as hospitals everywhere are already over-taxed.

### Derelict in Toulon

This photo, from an enemy source, shows the great battleship Strasbourg, once a proud unit of the French fleet, resting on the harbor bottom at Toulon. The Strasbourg was one of the French warships scuttled by their crews last fall.

## \$37,700,000 Increase In Liquor, Tobacco Tax

OTTAWA (CP)—Liquor and tobacco bear the brunt of increased luxury taxes which came into effect today under the budget which Finance Minister Isley Tuesday night outlined to the House of Commons.

Coupled with an announcement of tax increases which may send the price of a 40-ounce bottle of liquor up 75 cents was a plan proposed for guaranteeing to the provinces the same revenue derived from alcoholic beverages in the year ended June 30, 1942.

This plan provides for an increase in the cost of proof spirits by \$4 a gallon, \$2 levied by the federal government in increased excise tax and an equal amount collected by the province for its own revenue.

In advancing the liquor revenue guarantee Mr. Isley said the government had turned down a provincial proposal for a guarantee of revenue from the sale of motor vehicle licences.

Mr. Isley estimated the increased tax on cigarettes and tobacco would bring in an additional \$32,700,000 in taxes, and the higher duties on liquor would bring in an additional \$5,000,000.

### READY SALE

The quantity of liquor available in any 12-month period would be only 70 per cent of that sold in the year ending Nov. 1, 1942, and it was believed this amount could be readily sold at the increased price.

In line with the higher excise duty an increase was being made in the customs duty which now would be levied on the actual strength proof, and saleable liquor now is restricted to 30 per cent allowance has been made in customs duty for less than 15 per cent under proof.

(See Budget Story, Page 2.)

### Gandhi Survives Fast of 21 Days

NEW DELHI (AP)—Mohandas K. Gandhi 73-year-old Indian nationalist leader ended a 21-day hunger strike in protest against his internment by the government of India by sipping a glass of orange juice at 9:30 a.m. today (8 p.m. P.D.T. Tuesday).

Looking very tired but cheerful, Gandhi said in a weak voice, "I am very thankful to the doctors for serving me so well, but I feel there must have been something higher than the doctors' power that saved me."

With the end of the fast, Gandhi reverts to his status as a political prisoner, special concessions which permitted him to receive visitors being withdrawn. Government circles indicated they expected no outbreak of trouble as a result of the fast, which left the situation as far as Gandhi is concerned much as it was before.

### New Liquor Ration Removes Sting From Latest Tax

B.C. liquor stores were closed today as clerks tried to fill shelves with fresh stocks and officials of the Liquor Control Board, under chairman W. F. Kennedy, studied details of the new liquor taxes announced Tuesday night by Finance Minister Isley.

"We are not sure of details yet—we have wired Ottawa for further clarification," Mr. Kennedy said.

The general public, however, seemed to take the liquor increases philosophically. Since a permit holder can only buy one bottle a month now, under new B.C. rationing, it means only another \$1 a month.

### WON'T MEAN MUCH

"If we could get a bottle a day, the new tax would really mount up in a month," one citizen said. "But the extra dollar or so, once a month, won't mean a great deal."

Since war started in 1939 liquor prices have been slowly but steadily increasing. A bottle of imported Scotch in September, 1939, cost \$3.25. On different occasions the price has been boosted until Tuesday, when the price was \$4.75. With the new tax such a bottle will cost about \$5.50—an increase, because of the war, of more than \$2 a bottle.

Gin and rye prices have gone up accordingly, with a bottle of imported gin costing about \$4.50, with the new tax.

Ottawa Tuesday night put a \$2 a gallon tax on spirits and told the provinces to put another \$2 a gallon tax, otherwise the provinces would not collect from Ottawa for loss of liquor profits.

"I telegraphed Finance Minister Isley last night congratulating him on his budget and telling him British Columbia will co-operate in the matter of increased liquor taxes," Premier Hart said today.

Liquor board officials are trying their best to make sure a complete drought will not again overtake the liquor stores as happened last week-end.

Mr. Kennedy said from now until the end of October only 40 per cent of last year's supply can be supplied to the liquor stores. But it will be filtered onto store shelves slowly; sometimes there will be fair supplies of certain brands, other days there will be none.

"A month's supply will be spread over the month," Mr. Kennedy said.

Increased liquor prices are not expected to curtail in any way the demand for liquor. This has been proved every time the price went up in the past. Instead of any decrease, there has been a consistent increase in the demand.

"Most people will pay \$10 a bottle, if they want it, and can get it," a liquor store clerk said today. "Liquor rationing could never be made effective by higher prices."

### A-B-C of Fighting in Tunisia

Here are three steps our side uses in going after Rommel and his Axis troops in Tunisia—and bringing them back. Top to bottom, using 105 mm Howitzers Allied fighters stage a surprise attack against enemy positions in hills outside Senej; then leaving their halftracks our boys run forward to the attack; and lastly you get a picture of the success of the raid by the number of Italian and German prisoners captured.

## Planes, Guns Pound Enemy In Tunisia

ALLIED HEADQUARTERS, North Africa (AP)—Allied forces maintained their pressure on the enemy in northern Tunisia Tuesday and their heavy artillery inflicted considerable damage on Axis positions north of Beja and east of the crossroads town of Sedjenane, a communique said today.

Expanding their holdings in pursuit of Marshal Rommel's defeated armored forces, Allied vanguards "pressed on to the south and southeast of Sbeitla," the recaptured rail town 125 miles southwest of Tunis.

The communique reported there was little activity in the central sector and said only patrol activity was developed by the British 8th Army, which is pressing on the Mareth Line.

Allied troops beat back small thrusts by the Axis in northern Tunisia, spokesmen said, while Allied planes bombed and shot up enemy troop concentrations at several points, knocked down five Axis fighters and a bomber and heavily attacked Tunis and the nearby harbor of La Goulette.

### NAZIS WITHDRAW

Heavy artillery of the British 1st Army shelled enemy positions, Axis infantry and vehicles advancing on the road four miles east of Sedjenane, 12 miles from the coast, and the enemy withdrew after losing four armored cars.

Another small infantry attack was thrown back five miles northeast of Medjez el Bab. A half-dozen tanks approached Beja, midway between Sedjenane and Medjez el Bab, but two were wrecked and the others withdrew.

Hurricane bombers and Spitfires ranging over the front, destroyed a number of enemy vehicles and tanks near the Axis base at Sidi Bouzid, at Mateur and above Beja. Observers said direct hits were scored on enemy buildings and a farmhouse containing Axis troops.

### DOCKS BLASTED

Two waves of Flying Fortresses, attacking simultaneously, smashed at the inner and outer harbor of Tunis. Crewmen said they scored hits on the docks, a warehouse, and industrial areas. At La Goulette hits were made on the dockyard and drydock.

Advices from the front indicated Rommel's armored legions

were withdrawing steadily toward the coast after surrendering Sbeitla and Feriana to American troops which halted the abortive Axis thrust toward Tebessa.

Rommel already has yielded one-third of the territory he gained in that push at the expense of considerable losses in men and equipment, and it appeared likely he would be forced to relinquish the remainder of this terrain and fall back to Faid Pass, where he started his drive.

## High Smoking Cost Not Expected to Decrease Buying

End of 5-cent cigars and small packages of cigarettes and a raise in cigarette prices to 33 cents for 20 were predicted today by local tobaccoists following announcement Tuesday night of the new federal budget.

New prices, which will be similar to those paid in England, will set a new all-time high for cigarettes.

Former 5-cent cigars will probably sell at 6 cents each or two for 11 cents, tobaccoists felt, while cigarettes will not be packed in cartons of less than 20.

Although tobaccoists feel the saturation point is being reached in tobacco tax they do not expect consumption will be cut.

Cigarette papers, which now sell at 11 cents per 100 will be 13 cents in the future. While former new taxes resulted in a swing to homemade cigarettes tobaccoists feel that since there is more money in circulation now the tax announced Tuesday will have little effect on cigarette sales.

Tobaccoists expect a slight increase of demand for cigarettes at the old prices. When the new tax is effective smokers will be paying almost 1 cent tax on each cigarette.

### Seafires Beat All

LONDON (CP)—Britain's new Seafire, now appearing in increasing numbers, is "the best naval fighter plane in existence anywhere in the world at the present time," A. V. Alexander, First Lord of the Admiralty, said in the House of Commons today.

## Counterattacks On Other Fronts Growing Heavier

LONDON (CP)—The Red Army announced the capture of the Nazi stronghold of Rzhev, 130 miles west of Moscow, in a special communique heard tonight by the Soviet Monitor here.

Two thousand German dead were left on the approaches to Rzhev, which the Russians said was stormed and taken "after a prolonged and violent engagement" that began several days ago.

The Russians also said they had captured 112 tanks, 78 guns, 35 locomotives, 1,200 railway cars and various other stores.

By EDDY GILMORE

MOSCOW (AP)—German counterattacks today have increased from the far northern Russian front to the Black Sea sector, and together with fickle weather have slowed the offensives of the Soviet armies.

The sharpest Nazi counterblows came in the Donets basin area, southwest of Voroshilovgrad, where they have been massing tanks for some time, and attacking with strong infantry and aerial detachments.

New German outfits have appeared on several sectors of the front. The biggest was another contingent from Holland, including the 167th Infantry Division, which the Russians said was on the front west of Kharkov.

The Red Army, however, was on the offensive in all sectors, except southwest of Voroshilovgrad, and all of their drives have made plodding progress, although no place names have been mentioned by the Soviet war bulletins in more than 24 hours.

### 'ACCORDING TO PLAN'

(From London, meanwhile, a dispatch said the German high command in a communique broadcast by the Berlin radio announced today the evacuation of the town of Rzhev, 130 miles west, and slightly north of Moscow, asserting German forces had withdrawn, according to plan, in order to shorten the front line.

(The announcement of the Rzhev evacuation was read over the radio first as a D.N.B. news agency dispatch and about 10 minutes later a cryptic message was read saying this had been "withdrawn."

(About half an hour later the original announcement was repeated, this time the score given as a communique.

(London military sources declined to speculate on just where the shortened line might be established, but some observers said they thought it might go back to Smolensk, establishing a front running northwest from Smolensk to Velikie Luki and south-east to Bryansk.)

### WEATHER WORSE

The worst weather, currently is probably in the Kuban sector of the north Caucasus, where the Germans are making a strong bid to keep a foothold.

The army newspaper Red Star said in a dispatch that "roads are bad, there are frequent rains and almost impassable mud everywhere in that area. "Everything hampers offensive operations of our troops, but disregarding the difficulties, the fighters continue to inflict one blow after another" against Germans fighting from well-prepared entrenchments, the dispatches said.

(Further Red Army gains in the area west of Kharkov were announced in the midday communique, recorded in London by the Soviet radio monitor. Several more towns were captured.)

## 'A Sacred Bond'

"Please receive the Red Cross campaign workers in the same kindly spirit in which they have eagerly taken up their voluntary duty. Give them a cheery and encouraging welcome."

This is the plea of Major Harold Brown, honorary chairman of the Red Cross appeal.

"The warm-hearted fellowship of the Red Cross is a sacred bond between the home and the best and bravest of Canada's sons and daughters on the far-flung battle line," Maj. Brown said.

"I earnestly ask you to again share in this grand fellowship by your generous response and help."

## Junior Officers Income Tax Cut; W.O.'s Must Pay

OTTAWA (CP)—Canadian officers serving in the armed forces in the western hemisphere but outside of Canada will be liable to income tax at half the rate paid by civilians at home under a revision proposed in the budget brought down Tuesday night by Finance Minister Isley.

Officers in Labrador, Newfoundland, the West Indies and Alaska, previously exempt from the tax, will be affected. But officers overseas as well as other ranks in Canada and overseas are exempt from the tax and retain their exemption.

Commissioned officers serving in Canada will continue to be liable to the full income tax, except in special circumstances, although certain concessions are proposed for those in the lower pay brackets.

For the first time, the new budget makes certain top-ranking warrant officers in Canada liable to tax.

Officers serving in the western hemisphere but outside Canada now will be liable to one-half the rate of tax in respect of their remuneration, excluding subsistence allowances.

All members of the forces in Canada receiving pay in excess of \$1,600 a year will be liable for tax, whether commissioned or

warrant officers, unless they are exempt because their duties are normally performed in aircraft or at sea.

Officers so taxed, however, will receive a credit toward their tax equal to the tax payable on an income of \$1,600 for single persons, or on \$1,600 plus dependents' allowance for those with dependents.

In operation, this tax credit will be reduced by the proportion which the excess of the service income of the officer above \$1,600, or \$1,600 plus dependents' allowance, bears to \$1,600 or to \$1,600 plus allowances.

Mr. Isley gave an example of how this system would work. He said a lieutenant who is single receives pay of \$1,825. The tax paid by a single man on an income of \$1,600 is about \$407. In the lieutenant's case this will be reduced by the fraction formed by \$1,825 less \$1,600—that is, \$225—over \$1,600.

This reduces the credit by 14 per cent, leaving an effective credit of \$350.

The lieutenant's tax before application of this credit would be \$522 but the credit would reduce it to \$172, or which \$350 would be compulsory savings, subject to postwar refund by the government.

Under the existing arrangement, the lieutenant would pay a tax of \$371, of which \$146 was savings.

This reduces the credit by 14 per cent, leaving an effective credit of \$350.

# No Increase In Income Taxes

OTTAWA (CP)—Mobilization of savings for war on a "vastly enlarged scale," with few major tax increases, but important changes in methods of collection are key points in the Dominion government's financial program for the fiscal year 1943-44 as disclosed in the budget speech.

For the first time since the war started Canadians head into a new financial year without additions or extensions of taxes on incomes. The new imposts hit those who drink liquor, smoke and use the mails.

Finance Minister Isley in his budget speech in the Commons last night outlined plans to raise more money by loans during the coming year than ever before.

"The program I recommend to the House and to the people of Canada is briefly and simply this," he said, "that each man and woman in this country should limit personal and business expenditures so that provision can be made of \$5,500,000,000 for the purposes of war and the ordinary conduct of government; that we should contribute \$2,752,000,000 through the taxes now in force and the additional rates which I have recommended and that we should lend an additional \$2,478,000,000."

## Heavy Borrowings From Banks in 1942

In the year now ending, he reported borrowings of \$983,000,000 from banks because of failure to obtain enough on loans from the public. He said he did not like that as it had inflationary tendencies, and he wanted more lending by the people next year.

Salient features of the budget taxation changes are:

1. Wiping out of 50 per cent of 1942 income tax liability in order to get taxpayers on the "pay-as-we-earn" plan.

2. Concessions to encourage search for and development of oil, base metals and strategic minerals.

3. Easing the income tax burden on persons just over the minimum tax level, \$660 for single and \$1,200 for married persons.

4. Adjustments in income tax on members of the armed forces.

5. Increases of one cent per five cigarettes, one cent per ounce on tobacco and corresponding increase in taxes on cigarette papers and cigars, effective today.

6. Additional cent added to the postage rate, except on postcards and on letters to members of the forces overseas, effective April 1.

7. Addition to the excise tax on spirits or 82 per proof gallon, effective today, with conditions attached to induce the provinces to raise the price by \$1, making an increase of about 75 cents in the price of a 40-ounce bottle of liquor.

8. Minor tariff changes, including a \$2 increase in the duty on imported spirits, effective today, to correspond with the increased excise tax on domestic spirits.

Both as a review of the year now ending and a forecast for the coming year, the budget touched new high levels in Canadian government revenues and expenditures. The anticipated outlay for the new fiscal year is \$5,500,000,000 and the estimated expenditure in the year reviewed was placed at \$4,470,000,000.

Revenues for the new year are estimated at \$2,752,000,000, compared with \$2,308,000,000 in the current year. Mr. Isley reported Canada obtained 49.4 per cent of the funds required by taxation last year and his budget forecast indicated he was shooting at about the same mark for the coming year.

As he pleaded for more saving by the public over and above their tax payments he warned that victory is not in sight.

"In my judgment those who are airily predicting victory in 1943 as if they did know are contributing to a premature relaxation of our war effort and in this way doing a great deal of harm," he said.

But, said Mr. Isley in his speech, the commencement of the "pay-as-you-earn" plan in April this year will mean higher deductions for the taxpayer than at present, for two reasons.

During 1942 national defence tax was collected for eight months, and taxpayers were given credit for these payments against their income tax. This credit will be exhausted at the end of the fiscal year March 31.

The plan to collect 95 per cent of the tax at the source in 1943, instead of 85 or 90 per cent as at present, will have a heavier deduction also.

On this basis, finance department officials said they estimate that a single man with no savings credit and earning \$150 a month, who now has about \$30 a month deducted for income tax, will have deductions of about \$39 a month under the new taxation plan.

A married man with two dependents earning \$200 a month will pay about \$31 a month instead of \$25.

Under the "pay-as-we-earn" in-

tax which is half the tax payable on lower incomes and progressively less on higher incomes. He said as soon as 1942 tax payments are cleared taxpayers will receive certificates for the refundable portion.

"The refunding of this tax to those entitled to it is one of the most certain acts of any postwar government that I can imagine," he said. "Not only does the whole credit of the Dominion stand behind this undertaking to repay but it would be political suicide for any government, however radical or however reactionary, to default on obligation due to the mass of the wage-earners."

The war had brought about shifts in the distribution of the national income, resulting in those who needed income most getting more. Farm income was higher than in any but record years. Weekly earnings of employed persons were higher than since the boom following the last war.

Warning against pressure for further increases from various groups the minister said: "We now have reached the point where the demands of some labor representatives and of some farm representatives cannot both be satisfied."

In another connection he deprecated suggestions Canadians were contributing more of their national income to the war effort than people of other countries. The contribution was not to be measured in financial terms but by whether the standard of consumption was lower than before the war and whether Canadians worked harder for longer hours.

"The evidence is pretty clear that all we have experienced so far on the average is a moderate decline from the peak of wartime consumption and some increase in the inconvenience of shopping and travelling," he said.

"Let no one so misinterpret statistics as to assert that these approach the economic sacrifices of countries nearer to the theatres of war than Canada."

Adoption of a "pay-as-we-earn" system of income tax collection involving a write-off of 50 per cent of the tax on 1942 incomes but no increase in the rate structure.

Imposition of an additional \$2 a gallon excise on spirits and an offer to the provinces to compensate them for loss of liquor revenue if they increase the consumer price by \$4 a gallon.

Cigarette tax increased by \$2 per 1,000, cigarette papers by two cents per 100, cigars by \$5 per 1,000 on lowest grades and correspondingly higher for more expensive grades, manufactured tobacco by one cent an ounce and raw leaf tobacco by half a cent an ounce.

Postal rate tax increased by one cent per letter except on letters to armed personnel overseas. No change in postcard rate.

Tax on night club entertainment increased from 20 to 25 per cent.

Personal income tax returns for 1942 to be filed June 30.

No changes in the sales tax or succession duties and only minor changes in the excess profits tax act.

Farmers to be permitted to spread their claim for losses over two years in income tax returns and pay in quarterly instalments.

Income tax concessions to be made for encouragement of search for new sources of oil and metaliferous and strategic minerals.

Higher income tax deductions at the source to become effective April 1 as result of adoption full "pay-as-we-earn" system.

Officers to have a six month tax-free period on return from overseas or a period equal to time overseas if less than six months.

Officers serving in Alaska, Labrador, Newfoundland and West Indies to be liable to half standard income tax rates except those flying or aloft who are exempt.

Total budget for fiscal year starting April 1, 1943, \$5,500,000,000 of which \$2,752,000,000 to be raised by taxation and other revenues and \$2,748,000,000 by borrowings.

Deficit for current fiscal year estimated to be \$2,261,000,000.

Up-Island Indians Fined

NANAIMO (CP)—Seven Indians from Cowichan, Alberni and New Westminster were fined in police court on liquor prosecutions. Three were fined \$25 and \$2 costs for being in possession of liquor and the remaining four were fined \$15 and \$2 costs for being intoxicated in a public place.

Old-Timer Dies

KIMBERLEY, B.C. (CP)—One of Kimberley's old-timers, Margaret Chambers, 74, died here. Born in Donegal, Ireland, she came to Canada in 1884 with her husband.

## Higher Deductions April 1

## Minister Explains 'Pay-as-Earn' Plan

OTTAWA (CP)—Canada's "pay-as-you-earn" income tax plan announced in the House of Commons Tuesday night by Finance Minister Isley eliminated an eight months' lag and places tax collection on a current basis.

By a tax collection system announced last year, the income tax assessed on incomes of the calendar year 1942 was made payable over the 12 months after Sept. 1, 1942, to Aug. 31, 1943. This supplanted the previous system whereby returns for the previous calendar year were filed in the spring of the year following.

In reaching the current basis, the government will write off 50 per cent of the 1942 taxation liability on earned income. For investment income of more than \$3,000, 50 per cent of the 1942 liability will be deferred until the death of the taxpayer. Investment income of not more than \$3,000 will be treated as earned income.

Because of the eight-month lag, Canadians had paid only a portion of their 1942 tax when the calendar year ended. The proportion paid ranged from 33 per cent in the case of high incomes to 100 per cent in some lower brackets, with the likelihood that most had paid about half their total 1942.

Mr. Isley instanced the case of a single man earning \$30 a week in 1942 and who had a total tax liability of \$391.20. Of this total he had paid \$164.79 by the end of the year. By cutting his total liability of \$391.20 in half, he is now left with a liability of \$195.60—or with \$30.81 still to be paid.

In EFFECT APRIL 1

The "pay-as-you-earn" plan goes into effect April 1.

Although the rates will be virtually the same, government revenue will be higher in the coming fiscal year because of the change in collection system. Deductions from earnings will be on a higher scale earlier in the year and increased incomes will be drawn upon.

Tax returns on 1942 income will be due June 20. The filing of annual returns after that will be March 31 in the year following receipt of the income—thus making the first tax return under the new "pay-as-you-earn" plan due March 31 next year.

In making 1943 tax deductions at the source the government will aim at collecting 95 per cent of the total tax liability, rather than 85 or 90 per cent as at present. Thus the amount which the taxpayer has not paid when he makes his return in March, 1944, will be smaller than his liability when he files his return in 1943.

But, said Mr. Isley in his speech, the commencement of the "pay-as-you-earn" plan in April this year will mean higher deductions for the taxpayer than at present, for two reasons.

During 1942 national defence tax was collected for eight months, and taxpayers were given credit for these payments against their income tax. This credit will be exhausted at the end of the fiscal year March 31.

The plan to collect 95 per cent of the tax at the source in 1943, instead of 85 or 90 per cent as at present, will have a heavier deduction also.

On this basis, finance department officials said they estimate that a single man with no savings credit and earning \$150 a month, who now has about \$30 a month deducted for income tax, will have deductions of about \$39 a month under the new taxation plan.

A married man with two dependents earning \$200 a month will pay about \$31 a month instead of \$25.

Under the "pay-as-we-earn" in-

tax which is half the tax payable on lower incomes and progressively less on higher incomes. He said as soon as 1942 tax payments are cleared taxpayers will receive certificates for the refundable portion.

"The refunding of this tax to those entitled to it is one of the most certain acts of any postwar government that I can imagine," he said. "Not only does the whole credit of the Dominion stand behind this undertaking to repay but it would be political suicide for any government, however radical or however reactionary, to default on obligation due to the mass of the wage-earners."

The war had brought about shifts in the distribution of the national income, resulting in those who needed income most getting more. Farm income was higher than in any but record years. Weekly earnings of employed persons were higher than since the boom following the last war.

Warning against pressure for further increases from various groups the minister said: "We now have reached the point where the demands of some labor representatives and of some farm representatives cannot both be satisfied."

In another connection he deprecated suggestions Canadians were contributing more of their national income to the war effort than people of other countries. The contribution was not to be measured in financial terms but by whether the standard of consumption was lower than before the war and whether Canadians worked harder for longer hours.

"The evidence is pretty clear that all we have experienced so far on the average is a moderate decline from the peak of wartime consumption and some increase in the inconvenience of shopping and travelling," he said.

"Let no one so misinterpret statistics as to assert that these approach the economic sacrifices of countries nearer to the theatres of war than Canada."

Adoption of a "pay-as-we-earn" system of income tax collection involving a write-off of 50 per cent of the tax on 1942 incomes but no increase in the rate structure.

Imposition of an additional \$2 a gallon excise on spirits and an offer to the provinces to compensate them for loss of liquor revenue if they increase the consumer price by \$4 a gallon.

Cigarette tax increased by \$2 per 1,000, cigarette papers by two cents per 100, cigars by \$5 per 1,000 on lowest grades and correspondingly higher for more expensive grades, manufactured tobacco by one cent an ounce and raw leaf tobacco by half a cent an ounce.

Postal rate tax increased by one cent per letter except on letters to armed personnel overseas. No change in postcard rate.

Tax on night club entertainment increased from 20 to 25 per cent.

Personal income tax returns for 1942 to be filed June 30.

No changes in the sales tax or succession duties and only minor changes in the excess profits tax act.

Farmers to be permitted to spread their claim for losses over two years in income tax returns and pay in quarterly instalments.

Income tax concessions to be made for encouragement of search for new sources of oil and metaliferous and strategic minerals.

Higher income tax deductions at the source to become effective April 1 as result of adoption full "pay-as-we-earn" system.

Officers to have a six month tax-free period on return from overseas or a period equal to time overseas if less than six months.

Officers serving in Alaska, Labrador, Newfoundland and West Indies to be liable to half standard income tax rates except those flying or aloft who are exempt.

Total budget for fiscal year starting April 1, 1943, \$5,500,000,000 of which \$2,752,000,000 to be raised by taxation and other revenues and \$2,748,000,000 by borrowings.

Deficit for current fiscal year estimated to be \$2,261,000,000.

Up-Island Indians Fined

NANAIMO (CP)—Seven Indians from Cowichan, Alberni and New Westminster were fined in police court on liquor prosecutions. Three were fined \$25 and \$2 costs for being in possession of liquor and the remaining four were fined \$15 and \$2 costs for being intoxicated in a public place.

Old-Timer Dies

KIMBERLEY, B.C. (CP)—One of Kimberley's old-timers, Margaret Chambers, 74, died here. Born in Donegal, Ireland, she came to Canada in 1884 with her husband.

## French Would Rise If Allies Land, Says Senator

LONDON (CP)—"The Germans in France are expecting an early Allied landing and are becoming panicky," the escaped French senator, Andre Maroselli, said here.

Maroselli has joined the Fighting French National Committee of Gen. Charles de Gaulle in London after fleeing from France. "I am sure if a landing could take place before the youth of France have been sent to Germany there would be an uprising which would surprise the world," Maroselli said.

He also told a press conference that the Petain "myth" has collapsed completely and today he (Petain) is only a bust on the mantelpiece.

Maroselli said an effort is being made to mobilize 250,000 workers for the Reich by Pierre Laval's police manhunt in which a factory is surrounded and all workers are arrested and compelled to leave immediately for Germany.

"The people are living mostly on turnips and spinach," he said, describing France as a country of desolation and famine.

"There are no potatoes," he added. "Meat tickets are issued but there is no meat. Clothes and shoes have disappeared almost entirely from the market. The whole population is not starving, but the death rate is increasing at a frightening speed."

## Active Army Pensions For Deaths in Canada

VANCOUVER (CP)—W. E. Warburton, provincial secretary of the Army and Navy Veterans in Canada, said that a decision of the pensions board to grant a pension to the widow of a soldier who died in Canada is expected to have the effect of establishing a precedent for widows of men who die in similar circumstances.

The case in question, said Warburton, was that of a bandsman in a B.C. regiment who died in this country. The widow will receive a pension of \$60 monthly and \$27 monthly for her two children until they are 16 years of age.

## Jap Ship Sunk

LONDON (CP)—A Netherlands submarine operating with the British navy in the Far East sank a fully-laden 4,000-ton Japanese supply ship with gun fire in the enemy-controlled waters of the Straits of Malacca, the Netherlands Admiralty announced Tuesday.

## Gallup Poll

## Year's Military Training When This War Is Over?

## SHOULD ONE YEAR'S MILITARY SERVICE BE COMPULSORY AFTER THE WAR?

—GALLUP POLL

56%

SAY YES

34%

SAY NO

10%

CAN'T DECIDE

TORONTO—The way they feel about it right now, a majority of Canadians would like to see every able-bodied young man in Canada do a year's military training in the peace years after the war, such training to be compulsory.

And Canada is united in this view. Even Quebec, which has been consistently opposed to compulsory military service for overseas during the present conflict, had a majority who answered "Yes" to this question:

"After the war is over, do you think every able-bodied young man should be required to serve one year in the army, navy or air force?"

While wartime opinion is not necessarily an indication of what opinion will be after the war, the fact remains that in voting through the Gallup Poll, in favor of compulsory military service in peace years, the public is once more showing a determination that the democracies will not again be caught unprepared.

Other evidences of this mood, as reflected in the opinion polls, was the majority opinion in favor of domination of aggressor countries, rather than allowing them to enter a world alliance as equal partners (Gallup Poll, Dec. 30, 1942); public approval of drastic treatment of Germany when peace terms were being drafted (Gallup Poll, Aug. 12, 1942) and their selection of continued co-operation on the part of the United Nations as the most important single step to insure peace after the war (Gallup Poll, Jan. 19, 1942).

## U.S. MORE DETERMINED

While Canadian opinion gives a definite majority in favor of a year's compulsory military training, the U.S. opinion is more divided. In the U.S. poll, 40 per cent approved training, 34 per cent disapproved and 26 per cent were undecided.

In the Canadian poll, one of the interesting highlights was the way Quebec citizens gave majority approval to the idea of a year's military service for all young men. Just how closely Quebec opinion parallels that in Ontario on this issue is shown by the table below:

	U.S.	Canadian
Opinion	Opinion	Opinion
Approve training	66	56
Disapprove	27	34
Undecided	7	10
100	100	100

In the Canadian poll, one of the interesting highlights was the way Quebec citizens gave majority approval to the idea of a year's military service for all young men. Just how closely Quebec opinion parallels that in Ontario on this issue is shown by the table below:

	Quebec	Ontario
Opinion	Opinion	Opinion
Approve	52	59
Disapprove	40	31
Undecided	8	10
100	100	100

Opinion in all parts of Canada was in close agreement with these figures. As between men and women, a majority of both sexes approved such training, although the men are more slightly inclined to favor it than the women.

In thus approving compulsory peacetime military training, the public on this continent is approving a sharp break with tradition. Never has the youth of either Canada or United States had to acquire such training, other than through cadet corps, in peace times.

## Hindu-Moslem 'Porcupine'

Eighth of 10 daily articles on the Indian situation. A student of Indian affairs for 27 years, MacKenzie has just returned from a six weeks study of the situation there.

By DEWITT MACKENZIE  
Associated Press War Analyst

The Indian political crisis bristles with more dangerous points than a porcupine does with quills, but the greatest of these is the Hindu-Moslem division which throughout the generations has been marked by a bitterness that frequently has produced bloodshed in communal rioting.

This deep division reached the point where the Hindus and the Moslems charged each other with seeking to rule India. Britain has pointed out this situation as evidence that self-government on a unified basis was difficult. The Indians charged the government of India was exploiting these differences in order to continue imperialistic rule.

May be it will simplify this confused Hindu-Moslem mixup to glance at it from this angle: the population of India is estimated at about 388,000,000. There are some 275,000,000 Hindus and 90,000,000 Moslems.

The Hindus are nationalists. They want a national government which will take in the whole of India. The Moslems ob-

ject to a national government on the ground that, since the Hindus have a majority of three to one, the Moslems would be a constant minority without a look-in.

The vehicles which are carrying this heavy argument are three organizations. The Hindus are grouped mainly in the powerful All-India Congress, which is dominated by Gandhi, and in the Hindu Mahasabha, which comprises the more orthodox Hindus.

The Moslems are represented by the powerful All-India Moslem League. This is under the presidency of Mahomed Ali Jinnah, a brilliant lawyer.

The league has developed an explosive idea to safeguard the Moslem minority against the Hindu majority. They call it Pakistan.

The Pakistan (land of the pure) program rejects entirely the Hindu program for a national government and aims at the division of India into two wholly autonomous states. One of these would be Moslem and the other Hindu, and each would go its own way.

"I would welcome any move which would dissolve the political deadlock," Jinnah says. "A parliament with a Hindu majority is impossible, it is a menace to Islam."

"Democracy is an alien philosophy of the Hindu and to his religion and to his caste system."

These are men who acquired their dependents after Dec. 8, 1941, or at a time when their selection for the armed forces was imminent.

Other fathers, it was said, may not be inducted without authorization from the selective service headquarters, and it was freely predicted that such authorization would be forthcoming this spring.

## 'Lower 13' Trial

ALBANY, Ore. (AP)—Robert E. Lee Folkes, 20-year-old Los Angeles dining-car cook, will be arraigned in circuit court here at 2 p.m. Friday on an indictment charging first degree murder. He is accused of the "Lower 13" slaying of Mrs. Martha Virginia James aboard a limited train last Jan. 23.

## Letters to Editor

Correspondents are reminded to use one side of the paper only, to write legibly, and to keep their communications within a reasonable length. A short letter, with a point convincingly emphasized, has a better chance of publication than one with a long, rambling, and uninteresting platitudes.

## APPRECIATES CARDS

May I ask you through the medium of your paper, to thank the people of Victoria and district for the very liberal contribution of used playing cards which have been left at the Circulation Department of the Victoria Daily Times, and in which Miss Graham takes such interest.

HERBERT J. GREATER, Feb. 27.

## CORRECTS MR. WINCH

In his zeal as an obstructionist to our present government, Harold Winch, leader of the C.C.F. Opposition, opposes a bill giving the lieutenant-governor-in-council power to have children kept off the streets at night. Mr. Winch is in error when he states, as quoted in the press, that "no organized towns have had reason to bring in a curfew law."

In Kelowna, which is an organized district, the city council found it expedient to impose curfew, giving police authority to keep children under 16 years off the streets. I have just talked with the police to check up on this. "Does the curfew work well?" I asked. "You bet it does!" replied the officer. With many fathers away and mothers working extra hours, help is needed to control lively youngsters.

Wartime always promotes juvenile delinquency, and sensible precautions must be taken.

E. M. CUPPAGE.

Box 89, Kelowna, B. C.

## PENSIONERS' CHEER FUND

As many of your readers will be aware, a committee representing the Old Age Pensioners' Association of Victoria and some independent citizens started a fund known at that time as the Old Age Pensioners' Christmas Cheer Fund. This was in October, 1941, and I was appointed chairman of this committee.

Some generous contributions were received, including one of \$160 from the employees of Yarrow Limited, to a total of over \$520. A considerable portion of this sum was distributed among old age pensioners by the Old Age Pensioners' Association under the supervision of the cheer fund committee.

During a great part of the past year, owing to illness, I was unable to keep in touch with developments, but the receipt of a further generous contribution of \$200 from the employees of Yarrow Limited caused me to enquire into matters. I found there was still an amount standing to the credit of the fund in the bank which should have been given to

needy cases among old age pensioners, whether members of the association or not.

As chairman, I am anxious that the public, and old age pensioners in particular, should know how the matter stands. It should be clearly understood that the benefit of this fund is not confined to members of the present Old Age Pensioners' Association, but open to all pensioners and other needy persons whether association members or not. The association is merely the medium through which the fund is to be distributed, although by a majority vote of the committee this fund has been turned over to the present Old Age Pensioners' Association.

Any old age pensioner who is in need, whether a member of the organization or not, may apply to the treasurer, J. S. Campbell, 485 Lampson Street, Esquimalt, and on proof of need will be entitled to assistance from the cheer fund as long as it lasts, without having to become a member.

I wish to extend my thanks to all those who so generously contributed to this O.A.P. cheer fund, and only wish it were more to help very needy cases. I shall

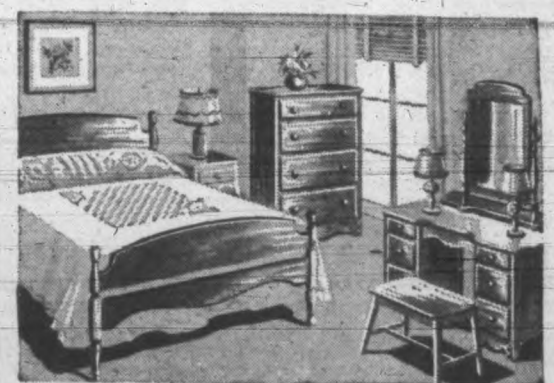

## Now, far quicker relief for CHILDREN'S COLDS

with BUCKLEY'S New Faster-Acting Rub

This faster-penetrating rub really does bring swift relief from deep-seated colds in either kiddies or grown-ups. Rubbed briskly into chest, throat and around the shoulder blades, Buckley's Stainless White Rub creates a glowing warmth, speeds up circulation, breaks up croupy congestion and relieves the tightness in the chest. At the same time by inhaling its medicated vapors, the head is cleared, the cough eased, tough phlegm loosened, the raw, congested bronchial tract soothed and healed. Buckley's Stainless White Rub must give relief in less time than any rub you have ever used or money back. Price 30c, 50c. Sold everywhere.

## Now, he's well again and doing a war job.

"MY HUSBAND'S had a nervous breakdown—just worry. He left his job in the shipyard to go into logging. But his health suffered and the doctor says he's got to take a complete rest. But we haven't any ready money. How can he rest?"

The bank manager listened to her troubles sympathetically. He knew the husband, knew the wife—both sound citizens. The bank advanced the money on personal security — on the good character of two honest, hard-working people.

To a few weeks, Fred was well again and working in the shipyard. The loan was paid back in full. Because of bank accommodation he is now getting financially on his feet again—and aiding Canada's war effort.

This true story—only the name is changed—illustrates how Canada's Chartered Banks, day in and day out, serve the human as well as the financial needs of Canadians.

By banking during morning hours you can help the war effort, facilitate your own business, and lighten the wartime burden on the men and women in your branch bank. More than one-third of our experienced men have gone to war.

Try New, Improved Ovaltine

If your child lacks a zest for food, it may be that his diet is short in very important food elements which, science has discovered, everyone needs for health. His growth may be stunted or impaired and he may be an easy victim to prevailing sickness.

As a "protecting" food-drink, New, Improved Ovaltine adds to a child's meals the essential food elements most likely to be deficient in his diet.

Three servings of New, Improved Ovaltine furnish a child with a significant portion of his daily requirement of Vitamins A, B, and D, and the minerals Calcium, Phosphorus and Iron—also quick food-energy elements and high quality proteins—all for building sturdy bodies.

So—if your child eats poorly, is thin or under par, why not start giving him New, Improved Ovaltine regularly? Get a tin at your drug or food store.

MRS. W. J. R. SEATTLE, left, with her small daughter Jane, and son Barney, with Mrs. Robert Henwood, Toronto, and son-Jamey were caught in a happy mood by the Times photographer Tuesday afternoon at the home of Mr. and Mrs. J. H. D. Benson, 2170 Esplanade Avenue. Mrs. Seattle and Mrs. Henwood have been visiting their parents, Mr. and Mrs. Benson, for the past two weeks, and expect to return shortly to their homes in the east.

## Personal Notes

AW2. Jessica I. Manneer, Victoria motor transport driver, R.C.A.F. (W.D.), and AW2. Julia F. Cormack of Qualicum Beach, dental assistant, R.C.A.F. (W.D.), have graduated from No. 2 Composite Training School, Toronto, Ont., and have been posted to stations.

Maidstone Street School for children in a bombed-out section of London, England, will benefit from the proceeds of a dance held in the Crystal Garden Tuesday evening by members of the Stagettes. Premier and Mrs. John Hart were patrons of the affair, at which 300 guests were present. Miss Beth Walker was convener.

Miss Ruth Balcom, who will leave Mar. 11 for the east, where her marriage to Lieut. S. F. Howard, R.C.A., will take place, received a two-piece set of travelling luggage, together with a corsage bouquet of roses and freesias from her associates on the staff of the Motor Records Branch, Provincial Police.

A surprise party was held recently at the home of Bob Stevenson, who is leaving to join the armed forces. Music and games were enjoyed. Among those present were Misses Janet Thompson, Irene Jordan, Betty Kirby, Phyllis Brown, Pat Gilder, Peggy Kirby, Gwen Garner, Rena Hamilton, and Messrs. Ken Hill, Harvey Dawe, Bernard Hill, Paul Leisch, Neil Stevenson, Ray Hamilton, Alex McKenzie and Norman Balfour.

Misses Hannah and Nancy Barr of Wilkeson Road entertained Sunday afternoon in honor of Miss Lillian Rowland and Miss Helen Honeychurch who are leaving the service of the Colquitz Telephone Exchange. The guests of honor were the recipients of presentations made on behalf of the staff of the exchange. Miss Rowland receiving a handsome cream and sugar set with silver tray, and Miss Honeychurch an initial fountain pen. The guests included Messdames S. A. Lounds, Crooks, Misses Alvanetta McNutt and Eleanor Burnham.

Special guests to tea Tuesday afternoon at the Empress Hotel, following the address by Third Officer Nancy Pyper, W.R.C.N.S., to the Women's Canadian Club, were the speaker, Third Officer McQueen, W.R.C.N.S., Miss Ruth Bawlinheimer, and Mrs. W. B. Milburn. Miss Kathleen Agnew and Mrs. W. G. Wilson presided at the table. Those present included Miss E. Curry (Vancouver), Mrs. J. W. P. Marsh, Mrs. T. E. Lancaster, Mrs. N. A. Beckett, Mrs. Edith Palmer, Mrs. V. L. Aunett, Mrs. W. A. Harper, Mrs. John Rogers, Mrs. W. L. Dunlop, Mrs. L. A. Bates, Mrs. A. C. Burdick, Mrs. M. Kirby (England), Mrs. F. Hyndman, Mrs. W. F. Penfold, Mrs. Alfred Carmichael, Mrs. A. Playfair (Qualicum), Mrs. A. D. Musket, Mrs. W. J. Nelson, Mrs. W. G. Flett, Mrs. W. Luney, Mrs. S. Moore, Mrs. W. H. Wilson and Mrs. Alan Campbell.

Mrs. T. F. How of Montreal, accompanied by her daughter, Mrs. Richard Leach of Ottawa, has arrived in Victoria to spend some time.

Sub-Lt. Jack Storey, R.C.N.V.R., and Mrs. Storey are expected in Victoria shortly. Sub-Lt. Storey has just completed his officers' training course at H.M.C.S. Kings in Halifax.

Miss Elsie Creeden, popular teacher on the staff of Monterey School at Oak Bay, who left Sunday afternoon for Ottawa to join the R.C.A.F. (W.D.), was presented with a gift from the Monterey P.T.A. and friends before her departure.

Capt. W. B. Creery, R.C.N., formerly stationed on the west coast, was able to see his son, Midshipman R. A. Creery, R.C.N., who is serving overseas with the Royal Navy, recently, when he spent a few days leave in England.

Mrs. P. B. Scourrah entertained out of town guests at tea at the Empress Tuesday following the Women's Canadian Club meeting. Her guests included two Canadian Club members, Mrs. James Greer from Edmonton, her other guest being Mrs. George McKeag of Winnipeg.

Mr. and Mrs. F. T. Smith, 1382 Begbie Street, will celebrate on Monday the 25th anniversary of their wedding, which took place at Wesleyan Methodist Church, Bicester, Oxfordshire, Eng., in 1918. Mrs. Smith is the eldest daughter of Mr. and Mrs. G. Ayris, Bicester, Eng. Mr. and Mrs. Smith came to Canada early in 1919. Mrs. Smith is an active member of Belmont United Church. They will be "at home" to their friends on Saturday from 2 to 5.30.

Rockland Park, W.C.T.U. met on Monday at the home of Mrs. W. H. Whiteley. Delegates to the annual council of women, Mrs. George Holt and Mrs. McInnis, mentioned reports of Mrs. Hugh McKenzie, Mrs. Rayfuse, Mrs. Henry McKenzie and Mrs. Gates. Mrs. Phillips told of Little White Ribboner's work, literature and cards having been sent to mothers and children.

A discussion suggested by Mrs. O. Booth, took place, on an article which appeared recently in the National Home Monthly Magazine. Mrs. F. W. Laing spoke of "Save the Children Fund," special war work for 1943. Next meeting at the home of Mrs. N. Phillips, 2595 Cook Street. Hostess served refreshments, assisted by Mrs. Dearborn.

### ENGAGEMENT NOTICES

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines, and 15¢ for each additional line.

Mr. and Mrs. W. Bull, 512 Catherine Street, announce the engagement of their eldest daughter, Isabel, to Sigm. Gordon Cameron, R.C.N.V.R., son of Mr. and Mrs. S. H. Cameron, 511 Basswood Place, Winnipeg, Man. The wedding will take place this month.

Mr. and Mrs. F. E. Aitkens, Gordon Head, announce the engagement of their elder daughter, Alice Maude, to Henry Theodore Samuel Hope, elder son of the late H. P. Hope and Mrs. M. S. Hope, 950 Fort Street. The wedding will take place on March 19.

## Weddings

### KROENING-BRADLEY

Emily Lillian Ellen, eldest daughter of Mr. and Mrs. J. R. Bradley, 322 Edward Street, became the bride Feb. 26 of Mr. Ralph Kroening, youngest son of Mr. and Mrs. W. Kroening, Vancouver. Rev. J. C. Jackson performed the ceremony at the home of the bride's parents.

Wearing a blue afternoon frock with matching accessories, the bride was given in marriage by her father. She carried a white prayer book and wore a corsage bouquet of pink rosebuds, gardenias and freesias. Bridal attendants were Mrs. J. D. Lawrence, in royal blue, and Mrs. E. Mullan, in black and white, both wearing corsage bouquets of roses and freesias. Mr. Richard Koopman, Pitt Meadows, was best man.

The couple left for a honeymoon at Duncan, the bride wearing a beige ensemble with brown accessories. Mr. and Mrs. Kroening will make their home at 1422 Pembroke Street.

## Showers

Miss Vera Seibel was honored Monday evening with a miscellaneous shower given by her fellow employees of the Pacific Furniture Company, at her home on Old Esquimalt Road. After the gifts were presented to the bride-to-be, refreshments were served. Those present included Messdames J. N. Seibel, E. McLean, C. Bicknell, Gardiner, W. Cowden, A. Cowden, C. Dunnaway, P. Petersen and Atherton; Misses Doris White, Dorothy Gibson, Edith Gibson.

Mercolized Wax Cream Makes it Easy to Beautify Your Skin

Start your daily beauty program at night with Mercolized Wax Cream. Then you will surely have a good foundation for beauty. Mercolized Wax Cream flakes off the unlovely outer film of surface skin, clearing away grime, superficial discolorations and all blemishes of external origin. It also cleanses, clears, smooths, softens and beautifies the skin. Start tonight to use Mercolized Wax—the Face Cream that keeps the Skin Young Looking and Attractive. Saxolite Astringent Refreshes Skin. Use this tingling, antiseptic astringent daily to give your skin a clean, fresh, lively appearance. Dissolve Saxolite in one-half pint witch hazel and apply to your face and neck.

### A Proven Remedy For Sour Stomach

Symptoms of indigestion cause considerable distress to thousands of people. Many find relief through the use of Cal-Bis-Sodex, which contains ingredients that gently help alkalize the stomach and restore proper functioning of the digestive system. Cal-Bis-Sodex gives fast relief from the distress of digestive disturbances. Cal-Bis-Sodex is on sale for 25¢, 45¢ and 80¢ at all Cunningham Drug Stores and other drug stores. (Adv. OC-8)

# "OODLES"

at *Eddys*

Not a very elegant word—"Oodles"—but VERY expressive—and exactly suits the situation at Eddys, where the new merchandise has been arriving in a steady stream AND POURING OUT JUST AS STEADILY, OR MORE SO! Actually we have the biggest and most varied, AND MOST ENCHANTING, stocks since we first opened our doors—BUT PLEASE DON'T HOARD, buy just what you need. We believe we'll always have "Oodles at Eddys."

1661 DOUGLAS

Opposite "The Bay"

## OODLES of BAGS!

Genuine Leather Bags, Fabric Bags, lots of materials quite unknown to us, colors and colors. Some shapes that don't even resemble a Bag, but you'll LOVE them. Every kind of strap, fastener and shoulder straps. Lovely fittings. From \$1.25 to \$6.50.

## OODLES of BLOUSES

Racks full of them, showcases full of them, layers and layers of them behind the scenes, hundreds and hundreds AND HUNDREDS. Styles, colors, patterns to dazzle you, long and short sleeves, tailored and "Fussy," just everything. Cottons, Sheers, Jerseys, Spun Rayon, Cord, and, oh! what values at \$1.95 and \$2.95.

## OODLES of SLIPS

Nationally-famous "Sulette" or "Formula" Slips, made just as you like them, and a style for every fancy. Crepe and Satin in white and colors. Come in early and select one or two of these beautifully-tailored Slips, \$2.

## OODLES of SKIRTS

Wool Skirts, Alpaca Skirts, Alpino Cloth Skirts, Southwind Skirts. The display racks are fairly creaking and bulging with them, and they're just wonderful in both style and value. All-round pleated skirts and lots with zipper fastenings. Wool skirts from \$2.95, others from \$1.95. No better values ever.

## OODLES of DRESSES

Literally hundreds and hundreds of them. At Eddys it's not a question of whether we have what you want. It's more a matter of FINDING what you want in such a variety. BUT IT'S HERE ALL RIGHT, and it's fun looking 'em over, isn't it? Two-piece and one-piece Dresses. Every style, every color, every fabric you've ever seen, read or heard about, and ready prices begin as low as \$2.95.

## OODLES of EDDYKINS

We all know that there are Oodles of New Babies around, and fond Mothers, Cousins and Aunts will find just the things they want for the little darlings in our complete "Eddie's Clothes" Dept. Everything from Booties to Bonnets, Dresses, Underthings, little Coats, Socks, Playthings. And some smart Dresses for Older Girls, too. Regular Eddy values of course.

## NOT OODLES of WOOL SWEATERS

All-wool Sweaters, enough to last Thursday only. Famous "Bonny Brook" Cardigans and Pullovers at only \$2.95.

A Modern Store for the Modern Woman

First United Church Evening Group met at the home of Mrs. Roy Lund, 1543 Elford Street. Mrs. Kenneth Wright in the chair. Mrs. H. Thomas gave the devotion, and Mrs. Robt. Niven read a portion from the "Book of Small." Games and refreshments were enjoyed. Next work meeting, home of Mrs. Gwen Stanger, 508 Menzies Street, March 12.

### To Describe Living Conditions of Men

Sqdn. Ldr. Gregory Vlastos of the R.C.A.F. will be the speaker at the next meeting of the Women's Canadian Club, it was announced by the president, Mrs.

P. G. Aldous, at the meeting Tuesday. The next meeting will take place in the Empress Hotel, March 23.

Sqdn. Ldr. Vlastos, a man of eminent academic qualifications, has been released for a year from Queen's University, Kingston, where he has been professor of philosophy, to undertake his work in connection with the R.C.A.F. He recently completed a tour of Canada and the United Kingdom, where he studied the life of the airmen, "from the ground up." He is now on a lecture tour of Canada, describing to Canadians, with sons, brothers, husbands and fathers in the services, the life and conditions under which their loved ones live and work.

While in England, he toured the bombed centres, and talked to people whose homes had been destroyed in the blitz, and he will probably tell many anecdotes, illustrating the spirit and outlook of these people.

Sqdn. Ldr. Vlastos will be accompanied on his trip by Sqdn. Ldr. Parks of the R.C.A.F., who

also went on the tour, and who will speak to the Men's Canadian Club on the same day.

Mrs. Aldous emphasized once again that any member of the Women's Canadian Club may attend any meeting of the Men's Canadian Club to hear the speaker.

During the meeting yesterday, an appeal was made for taggers to assist with the medical aid to China tag day, Saturday, also for volunteers to undertake telephone and personal calls in connection with the Housing Register. Mrs. Aldous pointed out that Miss Tripp has made more than 100 personal calls in this connection.

A moment's silent tribute was paid Mrs. R. W. Perrin, one-time member of the club's executive, who passed away recently.

Musical selections were provided by Miss Ruth Bawlinhelmer, accompanied by Mrs. W. B. Milburn.

There will be a general executive meeting of the Victoria Local Council of Women at the Y.W.C.A., Monday, at 2.

### Cameron's Stand On War Savings Draws Criticism

Heated words were exchanged in the Legislature Tuesday between Colin Cameron, C.C.F., Comox, and Flt.-Lieut. L. H. Eyres, Coalition, Chilliwack.

Mr. Cameron, in the course of a speech, attacked Victory Bonds and Stamps. He said he could see no logic to some people being permitted to profitably invest in the war, while "we are taking the lives and bodies of other citizens." The slogan, "equality of sacrifice," he said, is moss-grown.

Flt.-Lieut. Eyres wanted to know if Mr. Cameron is against Canada continuing in the war.

Mr. Cameron said he is not and re-read from his manuscript "the people of Canada are not grudging in their contribution, but I am confident they are looking to our government to impress on the governments of Great Britain and the U.S. that the lives of Canadian men are too precious, too dear to us, to be squandered on the attainment of any goal which does not serve the interests of the common people of Canada."

#### NOT ALLOWED

Flt.-Lieut. Eyres said Mr. Cameron was conveying the idea Canada should be out of the war, and "that should not be allowed to get out in the country."

Later Flt.-Lieut. Eyres said: "I stand here as a fighting man and as a common man, too."

"There is only one loyalty which is worthy of a citizen of Canada," Mr. Cameron continued. "This is loyalty to the welfare and happiness of the common people of this country—such a loyalty requires no loud drum-beating, no medal-wearing, nor flag-waving, merely honesty and courage."

"You're going a little too far," said Dr. J. J. Gillis, Coalition, Yale.

"You don't believe the common man comes first?" asked Mr. Cameron.

"The country comes first," interjected Capt. C. S. Leary, Coalition, Kaslo-Slocan.

"Heroics," said E. E. Winch, C.C.F., Burnaby.

At another point, Flt.-Lieut. Eyres said to Mr. Cameron: "You are trying to create a bad impression."

Later Mr. Cameron refused to allow Flt.-Lieut. Eyres to speak. "No, you may not," Mr. Cameron said. Flt.-Lieut. Eyres said what Mr. Cameron was saying was contrary to the best interests of the country.

"They're Communists," said Public Works Minister Anscomb when Mr. Cameron refused to give way to Flt. Lt. Eyres.

Mr. Cameron said he is growing weary of having his loyalty impugned by those who declined 25 years ago to put their loyalty and patriotism to a practical test.

Replying to Capt. Leary, who said C.C.F. members refused to wear the King's medal, Mr. Cameron said medal wearing is "a mere matter of ritual, of performing certain ceremonial dances and uttering loud cries." In the last war, he said, the soldiers talked about medals coming up with the ration and "many of the recipients would have traded them for an extra tin or two of bully-beef."

#### IMPERIALISM

"Speak for yourself," said W. J. Asseltine, Coalition, Atlin.

Mr. Cameron spoke of imperialism and said "the famous dictum issued on the highest authority that what we have we'll hold has been the cue for all the lesser jingoes to raise their voices."

"I am still looking, and looking in vain, for those guarantees that our men are really fighting for freedom and democracy and human liberty," he said. "I can see no sign of it in the political conduct of the war abroad."

The Canadian government, he said, had signed over a blank cheque for Great Britain and the U.S. Ottawa, he said, is a suburb of Westminster and Washington. Canada is not a nation.

### Wants Statement On Income Tax

T. D. Pattullo, Liberal, Prince Rupert, in the Legislature Tuesday, asked the Coalition government and the C.C.F. opposition for a frank statement of its intentions in surrendering to Ottawa forever B.C.'s right to income tax.

"I'm not going to let this subject drop, I'm going to pursue it from one end of the province to the other," Mr. Pattullo said.

If the income tax is surrendered forever this province will "walk the treadmill of mediocrity for all time," he said. The income tax, he said, is the fairest tax of all, the one flexible tax which can be depended on.

"Once we surrender this tax we have lost our birthright," he said. "You'll be running down to Ottawa, with your hat in your hand. People of this province have a

right to know where they stand—this is the most important matter now before the people of this province."

Mr. Pattullo said he doesn't want to see the oil lands in the Peace River country desecrated. He hoped the government would not allow "this iniquitous alienation" of the oil lands to the oil companies. He said his government had brought the oil companies to heel when they set the bad example of going on strike, and now the present government is apparently afraid of the oil companies.

He asked for further aid to municipalities to meet education costs. The minister of finance, he said, had always been opposed to assisting municipalities in the matter of education.

Mr. Pattullo criticized the government's stand on the B.C. Electric. The municipalities, he said, could never successfully take over that company. If they did there would be no cheap power—it would be loaded down with transportation costs. Transportation fares would have to be doubled.

He advised the government not to close its perspective in rehabilitation matters.

"There is no royal road to success, economically; no more than there is a royal road to learning," he said.

### Taxation Exemption For Soldiers Urged

Exemption of taxation on soldiers' property for the war's duration and one year after was advocated in the Legislature Tuesday by T. A. Love, Coalition, Grand Forks-Greenwood.

He noted there is now suspension of taxation on property of men serving in the armed forces. But that is not good enough, he said.

"Why not exempt, instead of suspend, taxes assessed all such people during the war, and for a year after?" he asked. "This government will be prepared to assist municipalities. How about the municipalities themselves helping their own citizens?"

If this is done, Mr. Love said, "soldiers will come home and not find several years' taxes levied against their homes and a tax slate looming."

Mr. Love criticized the C.C.F. and their aims and objects.

"I cannot see us wallowing in a slough of socialistic experimentation," he said. "I see an enlightened, industrious and prosperous people, proud of their heritage of individual freedom, creating wealth so that we may create security, creating security in this way so that we may create serenity of life, enjoyment of living to which every citizen is entitled. Under our present form of government I see a state of social security, but not a socialistic state. I see community welfare, but not communism. I see a gainfully-employed so that labor may prosper. And I see prosperous labor returning to private capital a fair return on its investment."

Mr. Love said he, like the general public, is expecting great things from the Hart-Maitland coalition government. After one year, he said, a grand start has been made—"a feeling of confidence is abroad in the province, but hard as has been the year's work, we have scarcely made a beginning."

Mr. Love said he, like the general public, is expecting great things from the Hart-Maitland coalition government. After one year, he said, a grand start has been made—"a feeling of confidence is abroad in the province, but hard as has been the year's work, we have scarcely made a beginning."

### Opposition Leader Asks New Financing

B. C. government was urged Tuesday by Opposition Leader Harold Winch to consider new plans for financing public works and other government expenditures.

He said new means should be considered, rather than continuance of existing methods of financing by interest-bearing loans.

He was speaking on second reading of Premier Hart's \$15,000,000 loan bill. He said he agreed with the purpose of the bill, but believed much more than \$15,000,000 would be needed to foster postwar projects. The bill, he said, calls for a maximum of 5 per cent interest and repayment over a term of 50 years and under such provisions, the people of the province will have to pay back three or four dollars for every one borrowed.

T. D. Pattullo, Liberal, Prince Rupert, said the need for the loan is urgent. He said bridges throughout the province are in a state of depreciation and officials of the public works department are reaching the point where they will soon have to advise closing down many bridges because of wear and tear.

Six bills were given third reading and eight new bills were introduced Tuesday. E. E. Winch, C.C.F., Burnaby, introduced an amendment to the Mental Hospitals Act. This bill would require that no person be admitted to a mental hospital unless two qualified physicians, neither of them on the staff of the hospital involved, sign a certificate. It would also require that at least one layman sit on the board

## UNIFORM or "CIVIES"

It's all the same to "Sanitone"

And whether yours is a uniform of a Rear Admiral or a Rear Rank private it's all the same, too. With all the restrictions of War Time operation we take a pride in turning out "Sanitone" Cleaning that will keep old friends and continually win new ones.

which reviews the cases of persons committed to mental hospitals.

Mines Minister Carson introduced a bill which would permit women over the age of 18 to work on surface operations in mines and in metallurgical plants for the duration of the war.

### Log of the House

#### BORED

Mr. Pattullo commenced his budget address Tuesday by announcing he is now bored much of the time in the House, that the debates are tiresome and that in the old days M.L.A.'s used to have some fun. He then proceeded, in that entertaining way of his, to create his own fun.

He talked about the trouble some days after the 1914-18 war, when 1,000 soldiers took possession of the Liberal members' room in the buildings. He explained the room—called it the room where the Coalitionists are "now billing and cooing," but later where "there'll be hair-pulling." The C.C.F. roared at this and the Coalition benches looked a little grim. He talked about some people who thought they had the world by the tail, but only succeeded in throwing the bull.

He took the C.C.F. down a peg or two. He advised them to descend from their "arid table-land of nebulosity." Their nakedness, he feared, is becoming evident. He said they ought to get down to earth. Seriously, he said, he figured the C.C.F. has reached its apex and from now on would fall.

#### FRONT

The Coalition government, said Mr. Pattullo, is great at putting on a front—he described it as a governmental dicker, without shift, without starch. He chided the Conservatives for joining Coalition. Behold Mr. Maitland and Mr. Anscomb, said Mr. Pattullo, sitting now in the spacious lap of fortune. Why, he said, they are even sitting in adoration of Premier Hart. Confidence in government has been restored all right, he said, with a glance at Mr. Maitland, and the Tories are getting more jobs.

#### EX-MAYOR

Mr. Love from Grand Forks-Greenwood, who followed Mr. Pattullo, said he couldn't understand Mr. Pattullo taking a dig at the present government for not helping the municipalities in more generous fashion. Why, said Mr. Love, when Mr. Pattullo was Premier, he didn't help the municipalities at all. But Mr. Pattullo, not feeling argumentative, walked out of the House. Mr. Love said he should know about municipalities and education, for once he was mayor of Grand Forks. And then he went on to say a lot of things. He had his say about the C.C.F. and didn't like the socialistic state they want. But the C.C.F. paid no attention to him and Mr. Love finished his first speech of the session in quiet

style, giving legislators (those few who listened to him) something to think about.

#### MEDALS

Mr. Cameron from Comox started something. The other day Great War veteran Capt. C. S. Leary took the C.C.F. to task because its members would not wear their war medals. Mr. Cameron refused to wear the medal which shows he is a veteran of the 1914-18 war. Medal-wearing, he said, is akin to strange ceremonial. There were some mutterings from Coalition benches as Mr. Cameron scoffed at medals and decorations and recalled how the men in the last war would have traded them, in the front line, for more bully beef.

But when Mr. Cameron came to war bonds the trouble really started. Mr. Cameron said it isn't logical that some people can invest profitably in bonds, while others have their lives and their bodies taken from them. Mr. Eyres, who is a flight-lieut. in the air force and also a Great War veteran, became furious. He said Mr. Cameron was creating a wrong impression and such statements shouldn't be allowed to go forth in the country. Then Mr. Cameron became furious. He charged the "jorgine" companies with deliberately evading income tax, while their young loggers were forced into uniform.

The day was reminiscent of that famous day in 1939 when Mrs. Steeves verbally tore all empires to shreds. In 1939, said Mr. Cameron, the Imperial Lion was still King of the Jungle. Later, when the roling got tough, the Imperial Lion became "a nice domesticated 'nussy cat.' But, with things looking brighter of late, "the lion discards his role of democratic pussy cat and stens out once more as King of the Jungle, roaring and waving his tail."

So, as can be seen, with Mr. Cameron and Mr. Pattullo in their most belligerent moods, there was plenty of interest to keep the galleries awake. Deputy Speaker F. V. Finland, substituting for Mr. Speaker Whittaker, kept him on bell. And in the dull minutes (and there weren't many), hon. members munched luscious apples from the Salmon Arm ranch of C.C.F. Mr. Stirling.—J.K.N.

### Sore, Chapped Lips Prevented

#### Roughness Quickly Relieved

Sore, chapped lips make life miserable in cold weather. Painful and unsightly, their cracked, rough surfaces are easily infected. Don't run this risk! Prevent chapping with Lypsyl. Its wonderful emollient action protects the delicate membranes, keeps the lip tissues from becoming dried out by cold, biting winds, so that lips stay smooth and soft in all weather. When lips are already chapped, Lypsyl gives quick relief, seals the wounded membranes against dangerous germs, hastens natural healing. Get Lypsyl at your store today and use it regularly. Sold everywhere in handy stick form.

Truly Canada's Favourite Breakfast Food

### Saanich Proposes Health Insurance

Proposals that Saanich organize its own health insurance and hospitalization programs and erect a municipal hospital, if no movement in that direction is made by the provincial or Dominion governments, were made by the Saanich council Tuesday night.

The reeve said he may sound out the public on the health insurance plan at the next municipal election. Reeve Warren's announcement came in discussion of the Royal Jubilee Hospital rate increase for isolation cases.

Hospitalization last year cost Saanich \$21,862, considerably more than in 1941. The reeve predicted the 1943 hospitalization cost would be more than last year.

He said the health insurance and hospitalization plan should be considered as a postwar project.

#### PASS SCHOOL ESTIMATES

Suggesting that educational costs be removed from land, the council passed unadjusted 1943 school board estimates showing an increase of more than \$30,000 over 1942. Councillor L. C. Hagan voted against the estimates.

Councillor J. L. Hobbs said the school costs were running away with the council, and were increasing unproportionally to the school population.

Reeve Warren urged collective action to secure some other source of school revenue. He said individual efforts had been unsuccessful in the past.

Questions of paying part of the costs of street lighting on the Saanich-Oak Bay boundary were left with the ward councillor, while the council tabled a report of Councillor T. F. Alexander, who is investigating the possibility of securing three lots for a park in the Cedar Hill area.

If E. E. Hull designs a pigery which will meet with building and sanitary regulations, he may build same, the council decided.

Damage insurance on fire-fighting equipment loaned to the municipality for use in time of war emergency will be taken out

### Saanich to Build \$17,500 Reservoir

Plans for a \$17,500 water reservoir which will give an extra 350,000 gallons daily to Ten-Mile Point and Gordon Head areas were approved by the Saanich council Tuesday night.

The concrete reservoir, which will be built on a Gordon Head highland, when completed will be filled by a 25 to 30 horsepower electric pump during the night so water may be drawn off during the peak consumption period of the day. City water will be used.

The reservoir will meet a long water shortage experienced by residents of these areas who last summer were permitted to water gardens only at night during which hours some residents had no water in their houses.

Plans for the reservoir have been started by the municipal engineer. About 600 cubic yards of concrete will be poured.

While the council seeks the necessary priorities for materials, it will try to secure a 90-day option on the lands on which the reservoir will be built.

Reeve E. C. Warren said that if the necessary labor were not available from outside municipal workmen should be put on the job to complete it as soon as possible.

#### MAY BUY PIPE

The municipal engineer was told to secure if possible 1,000 feet of used 8-inch water pipe for use as culverts. He said the pipe would last much longer than the wooden box-culverts now been installed by the municipality.

Plans to replace a concrete sidewalk pile under the Gorge Bridge were considered.

### Economics Paramount In Postwar Problems

Rehabilitation being one of the most important matters not only facing British Columbia but also the world, the United Nations must win a military victory abroad and an economic victory at home, Harold Winch, M.L.A., C.C.F. leader, told the Kiwanis Club Tuesday.

He said while soldiers were fighting a military war abroad, citizens at home must recognize their responsibilities to banish depression with mass unemployment, mass relief and mass insecurity.

B.C. should be proud to be the first province to recognize economic responsibilities, he said. Rather than securing so-called brains to study economic problems a local council had been appointed to report for the people and to the people.

The purpose of the report and the council was not to find relief but to cure economic problems, he said. Possibly the richest province of the Dominion and one of the richest areas of the world in natural resources, Mr. Winch said B.C. needed a long-term postwar development program.

John Baxter, Mayor Andrew McGavin's secretary, asked support for the Red Cross drive now in progress while Murry Martindale, president of the club, announced the Kiwanis Capers would present "This Is London Calling" at the Royal Victoria Theatre, April 26 and 27 in aid of the Solarium and other charities.

NEW DELHI (CP)—R.A.F. bombers attacked the important Japanese rail and communications centre of Sagai on the Irrawaddy River, near Mandalay, Tuesday night, scoring many hits in the target area and starting large fires, a British communique announced today.

so that the equipment may be used by firemen during a local emergency.

Saanich council will endorse a Victoria Chamber of Commerce resolution asking the Dominion government to make Victoria the terminus for Canada Air Lines planes.

A letter from J. Nixon asking improvements to the Health Centre, was tabled.

# Sports Mirror

By ART STOTT

AIR power may be the determining factor in battle strategy, but you couldn't prove it by Monday night's senior B.C. hockey play-off opener in New Westminster. It was definitely a night for the ground soldier on the frozen water of the Royal City rink.

On the basis of the night's score and reports on actual play, the soldiers met their toughest provincial opposition in Victoria itself when they were eliminating those fighting sailors from the play-off picture.

It isn't hard for those who didn't see the exhibition to picture the scene. Even on the bigger rink, it would be a spectacle of smooth, play-making Army boys moving in to corral play in the R.C.A.F. zone.

There's just a possibility the airmen may come back in one of the future games. But every indication points to a four-straight series.

When the army has disposed of its current opposition it will head east with a major advantage over virtually every other Canadian crusading sports squad that has left this city except the Dominions. The soldiers will not be suffering from buck-fever. Too many of them have been hunting in the big time to get kitchener before serious opposition. The Dominions had that strength, too. They were experienced ball players when they left home. Too often the story of Victoria's title aspirants has been one of fighting and over-anxious kids. We're

not calling the Army a bunch of old men. We're just remarking on the benefits of seasoned men. And we'd like to point to the way the soldiers dig in when the chips are down.

While the hockey team looked nice on ice, the Army was adding further laurels to its sports crown Monday. At Seattle the Victoria soldiers—a recreated version of the same old Dominions—were giving a neat display of gunnery to the Bremerton Gas Bags in the three-day northwest service basketball tournament. The locals won 46 to 17 to reach the semi-finals against Ballard Coastguard.

Senator James Mead of New York is the latest U.S. public figure to advocate cancellation of World Series and "All Star" baseball games for the duration. His suggestion comes as a means of relieving transportation strain. Let's skip the All-Stars, and forget 1942. Couldn't they keep on having those "subway series" between the New York clubs and surrounding burroughs?

Things to come—Scene—shower room of the neighborhood Victory Garden Club, (all the boys have joined since they lost their last golf and tennis balls).

"Boy, did you see Bill's swing in the third row of the potato patch as he lifted that mustard weed. As pretty a chip shot as I've ever seen!"

"How do you figure John, is the interlocking grip better on these new cultivators? I pretty nearly broke off my little finger following through with it on a maddock last spring."

"Remember when we used to get our exercise in white flannels?"

"How do you like the face of this shovel? Gives quite a bit more loft and doesn't disturb the subsoil."

"Are you figuring on going to the races this afternoon? My radishes could do with some thing hot off the track."

## Bruins, Rangers Win

### Cowley Beats Wings

Boston 3, Detroit 1.  
Rangers 4, Toronto 0.

Playmaking Bill Cowley apparently is determined to lead all National Hockey League scorers this season—even if he breaks his heart doing it.

The talented centre star, shuffled into second place by Doug Bentley of Chicago Black Hawks Sunday after a long reign on top, regained the heights Tuesday night by monopolizing his team's entire output as Boston Bruins, registering their first victory in six starts, upset the league-leading Detroit Red Wings 3 to 1 before 12,952 home fans. In another surprising form reversal, New York Rangers flattened Toronto Maple Leafs 4 to 0 at Toronto.

Ordinarily, a fellow performing the hat trick feels in the mood for cheering, but not Cowley. Not that is, unless Cowley was kidding when he was quoted recently as saying that he didn't like scoring goals—that he'd rather lay down a pass for his wings any day.

#### GOAL GETTER

Or maybe, perturbed at the loss of linemate Frank (Buzz) Boll, who has been shelved with a knee injury, Cowley decided the only way to gain the scoring crown was to go out and get the goals himself.

Whatever his motive, Cowley left his wings strictly to their own devices. In the first period he blasted two unassisted goals behind Johnny Mowers 35 seconds apart, and in the third deflected Dit Clapper's blueline shot. In nine previous games, Mowers had held the Boston centre scoreless.

Joe Fisher, recalled from Indianapolis of the American League to replace injured Eddie Wares, salvaged Detroit's lone goal, but Boston never was in danger of losing a game which moved them within a point of the Wings, who have six games left

compared with three for Bruins and thus are almost certain titlists.

Detroit's Jimmy Orlando and Boston's Murph Chamberlain retired with strained knee ligaments in the first period after Orlando felled Chamberlain with a knee check. Both may be lost indefinitely, along with Boston defenceman Jack Shewchuk, who left after the contest to report to his draft board at Brantford, Ont.

#### GIANT KILLERS

At Toronto, Rangers assumed a now-familiar "giant-killer" role. Gus Mancuso, Bryan Hextall, Phil Watson and Ott Heller connected to thwart Toronto's chances of snapping their third-place deadlock with Chicago. The New York victory also left Montreal Canadiens with an opportunity of closing the four-point gap separating them from Hawks and Leafs.

#### BOSTON-DETROIT

First Period—1, Boston, Cowley, 14:15; 2, Boston, Cowley, 14:50. Penalties—Simon, Shewchuk (minor and 10-minute misconduct), Mottier, Watson.

Second Period—Scoring, none. Penalties—H. Jackson, Abel.

Third Period—3, Detroit, Fisher (Abel, Simon), 28; 4, Boston, Cowley (Clapper), 1:11.

#### RANGERS-TORONTO

First Period—Scoring, none. Penalties—R. Hamilton.

Second Period—1, New York, Mancuso, 15:50; 2, New York, Hextall, 18:03.

Third Period—3, New York, Watson (Patrick, Hextall), 14:36; 4, New York, Heller (Hextall), 18:10.

#### Hammerin' Hank Beaten

LOS ANGELES (AP)—The long and successful comeback campaign of Hammerin' Henry Armstrong came to an end Tuesday night as Willie Joyce, Gary, Ind., outboxed him all the way to earn a decision in 10 rounds. Both weighed 137½.

## Angott Toughening As Concrete Mixer

B Y HUGH FULLERTON JR.  
NEW YORK (AP)—Ex-lightweight champion Sammy Angott has been toughening himself for his comeback against Willie Pep March 19 by working on a concrete mixer.

#### ONE MINUTE SPORTS PAGE

The "special" pace planned for Saturday's I.C. 4-A track championships is out, partly because Gil Dodds doesn't want to run more than a mile and partly because Greg Rice not only burned up the track but blistered his feet badly in winning the A.A.U. three-mile championship.

Earl Hilligan, the American League drummer, figures a close pennant race will offset the loss of Feller, DiMaggio, Williams, etc., when it comes to drawing the fans. He points out the league attendance record was set in 1940 when Detroit and Cleveland battled right down to the finish.

#### TODAY'S GUEST STAR

George Farrar, Woonsocket (R.I.) Call: "If the National League devises a point system of rating ball players, Bucky Harris can truthfully say that his cupboards are bare and that he deserves his full complement of stamps."

#### SERVICE DEPT

Tee Branca is one soldier who is sure of getting his old job back when the war ends. The Fort Douglas, Utah, golf club announced it will get along without a pro until he returns. . . . Sure, what's golf without a tee?

#### CLEANING THE CUFF

Jimmy McLarnin, Vancouver's ex-welterweight champ, runs a milling machine in a Los Angeles defence plant on weekdays, but on Sundays he mills around with movie stars, directors, etc., at the exclusive Lakeside Golf Club.

NEW YORK (AP)—William W. (Billy) Beauhild, one of the top ranking lightweight fighters a few years back, was listed as wounded by the Navy department Tuesday. He is a member of the United States Marines.

# 27 Teams In Running For Allan Cup Honors

## City Sports Front

Sparked by McKeachie, Victoria Army whipped Ballard Coastguardsmen 47 to 31 in Seattle Tuesday night, to reach the finals of the Northwest Servicemen's basketball tournament. They play Fort Lewis tonight. Hank Rowe scored 12 points in the game.

Bill Cull's Kandy Kids Tuesday night lifted the island intermediate B girls' basketball championship with a 27 to 13 win over Shawnigan Lake at the Lake gym. Victorians won the first game here 26 to 13.

St. Louis College junior and intermediate B boys' basketball teams meet Nanaimo hoopers at the High gym tonight in island title play. First game starts at 7.

Entries for the Jackson Cup and McGavin Cup series in the Victoria football league, will be received up to 6 p.m. next Monday. If city league champions are named Saturday, cup play will start the following week.

## Cowley Resumes Scoring Lead

Bill Cowley resumed the lead in the National Hockey League individual scoring race when he collected all of Boston's three goals as Bruins upset Detroit Red Wings 3-1. Cowley's total now is 67, two points more than Doug Bentley of Chicago Black Hawks, who displaced him over the weekend. Other scoring leaders were idle with the exception of Lynn Patrick of New York Rangers, who added one assist.

The leaders:

	G	A	P
Cowley, Boston	35	42	67
D. Bentley, Chicago	30	35	65
M. Bentley, Chicago	24	40	64
Carr, Toronto	26	28	54
Taylor, Toronto	16	27	53
Bell, Boston	23	27	52
Patrick, New York	18	33	51

Victoria Army resumes its best of seven series against Vancouver R.C.A.F. at New Westminster for the provincial senior hockey championship tonight as 27 teams continue in the running for the Allan Cup.

Tonight's game, like the first won by Victoria, 10 to 1, Monday, will be broadcast over CJVI starting at 9:30.

Elsewhere in Canada the picture looks like this:

Elimination of P.O. Eddie Wiseman's Saskatoon R.C.A.F. Flyers Tuesday night left two contenders in each senior section, except Alberta, where Calgary R.C.A.F. and Lethbridge R.C.A.F. continue their semifinal series tonight.

P.O. Tiny Thompson's airmen whipped the Lethbridge sextette 11-0 in the opening game of their best-of-three affair. Winner of the series will meet Calgary Currie Army for the Alberta championship.

In Saskatchewan, Flin Flon Bombers, who took three straight to oust Saskatoon Flyers, will meet Cpl. Murray Armstrong's Regina Army Capitals in the provincial final, probably a best-of-seven series.

The Winnipeg R.C.A.F. Bombers and H.M.C.S. Chippawas tangled tonight in the third game of their best-of-five. Each has won one. The winner will meet the Thunder Bay champions, either Port Arthur Bearcats, western champions last year, or the lakehead Army-Navy.

Bearcats took the opener of the Thunder Bay championships 6 to 4, with the second game scheduled for Thursday night.

In the Maritime Provinces, six teams remain in the running—

Saint John Beavers, Charlottetown All-Stars, Cape Breton R.C.A.F., Pictou Shipyards, Halifax R.C.A.F. and Halifax Navy.

Charlottetown and Saint John open a series for the New Brunswick-Prince Edward Island title tonight, while the Cape Breton Air Force team opposes Pictou, champions of the Antigonish-Pictou-Colchester League, in a Nova Scotia final series opening Thursday.

The winner of these two series meet in an interprovincial final with the survivor earning the right to advance into the Maritime showdown against the Halifax league champion, either Navy or R.C.A.F.

All six teams in the Quebec league, only senior loop in the province, are engaged in playoff battles. Ottawa Commandos lead Cornwall Army 2 to 0 in a best-of-seven set; Quebec Aces and Montreal Army are deadlocked 1 to 1, with one drawn game. In what was to have been a best-of-three playoff, and Montreal Royals and Montreal R.C.A.F. are similarly deadlocked, also with one game drawn.

Ottawa R.C.A.F. Flyers, defending Allan Cup champions, ousted Hull Volants in an Ottawa City League playoff and will meet Ottawa Canadiens in a final series starting Thursday. In the Ontario Association, Navy holds a one-game lead on Air Force in a Toronto series which will determine O.H.A. representatives in the Ontario final against Sudbury Frodo Tigers or Porcupine All-Stars. Sudbury leads Porcupine 2 to 0 in a best-of-seven Northern Ontario Association series.

# Blood Brother to an unknown patriot

He steps away from his daily work, rolls up his sleeve and cheerfully donates his blood—so that some unknown brother or sister may come back again from under the black shadow of death. Through the efficient services of the Canadian Red Cross, his blood is speedily transported in dried form to be used for transfusions in Britain, Russia, Egypt or wherever war's shock takes its toll.

Ford of Canada honours all blood donors; especially those who come from the ranks of Canada's great army of production workers. At Windsor, in the Ford of Canada blood clinic, many thousands of Ford workers have already made more than 7000 blood donations.

So that this great work—binding Canada to her brothers and sisters of other nations with the strongest of all ties—may carry on, the Canadian Red Cross needs your help.

The need for Red Cross help is now greater than ever. Let Canada's response be quick and generous.

BRITAIN'S FAVOURITE SALT... NOW MADE IN CANADA

### Hadassahs Hear Mrs. D. Gottlieb

An appeal for refugee children escaped from Poland to Palestine was the highlight of an address given by Mrs. David P. Gottlieb of Winnipeg, western vice-president of Canadian Hadassah, at a luncheon held at the home of Mrs. H. Kramer, 139 Cook Street, Monday afternoon. The luncheon was given and sponsored by the Victoria Hadassah Chapter in aid of Hadassah Youth Aliyah.

Privations and dangers that await the child refugees escaping to Palestine are many and terrible, Mrs. Gottlieb said. The children vary in age from 18 months to 18 years, and special camps have been set up to receive them, supplied by Hadassah with doctors, nurses and relief workers.

Mrs. Gottlieb spoke on the war efforts of Hadassah from the Maritimes to Victoria, and the activities included furnishing and equipping a hospital ward of 60 beds in Taplow, Eng.; this undertaking being carried out through the Canadian Red Cross, for Canadian soldiers; furnishing and

equipping a ward in the Sarah Delano Roosevelt Home for bombed-out children in England; sending three ambulances to England and two mobile canteens (one for England and one for Palestine); sending a fleet of nine ambulances to British soldiers stationed at Palestine, to be used in the battlefields in the Near East; giving hospital aid to the wounded at the Rothschild Hadassah Hospital, Jerusalem; sending money to purchase blood banks (blood plasma) for men in the Near East, and buying \$10,000 war bonds.

### Lt. Gen. Kenneth Stuart Back From Overseas

MONTREAL (CP)—Lt. Gen. Kenneth Stuart, chief of the Canadian general staff, has returned to Canada from a six-week visit with the Canadian army in England.

He was accompanied by Maj. Gen. A. E. MacRae and Brig. J. P. Morrison. H. J. Carmichael, co-ordinator of production for the munitions department, who went overseas with the party, was delayed in England because of illness.

## Dorothy Dix:

### Daughter's Marriage Cure for Inebriate Dad's Weekly Binges

Dear Miss Dix—I am the youngest one of six children and the only one left at home. My problem is about my mother and father. My mother is the sweetest, gentlest creature in the world and beloved by everyone who knows her, but she is very timid. My father is a good man, but a heavy drinker. Every week-end he goes on a spree and when he comes home he is very mean and abusive, throwing dishes and finding fault with everything. This terrifies my mother so she shakes like a leaf and turns completely white with fright.

Ever since I was a child I have known my mother could not possibly be left alone with my father and my brothers and sisters have always told me that I should stay with mom. Now I am engaged to be married to a very fine boy and he insists upon our being married at once, but I feel that I can't leave my mother. It seems to me that my duty is to her. What should I do?

DEVOTED DAUGHTER.

#### DAUGHTER'S MARRIAGE REMEDY

Answer—Use a little common sense in solving your problem. Get married and live close enough to your mother to be able to protect her from your drunken father. The practical thing for her to do would be to go over and spend her week-ends in peace and quiet with you, and leave her husband to break the dishes without scaring her to death when he goes on his weekly binges.

It might even reform him, for

probably he loves his gentle, timid little wife, and if he realizes that she was so afraid of him when he made a beast of himself that she wouldn't even stay alone in the house with him, he might dread her leaving him altogether so much that he would control himself.

It is very thoughtful of your brothers and sisters to provide for mother by wishing on you the job of family martyr. They have married and set up their own homes and families, but you are to be an old maid and stand guard over mother and protect her from father when he comes home with a fighting drunk on. I never cease to marvel at the nobility of the brothers and sisters who elect one particular member to be the family goat, and then wash their hands of all further responsibility in the matter.

They let poor nanny toil to support the old people, nurse them when they are sick and feeble, put up with their whims, while they spend their money on themselves and their pleasures and enjoy their freedom. Nice doing!

Somehow, I gather from your letter that the idea of sacrificing yourself for your mother rather appeals to you. If so, go to it. But, at least, have the honesty to tell the young man you are engaged to that you love your mother and value her comfort more than you do his happiness, and break off the engagement. Give him a chance to find some girl who hasn't such a bad case of the mother complex.

DOROTHY DIX.

## Uncle Ray

### Herodotus Told About Egypt's Sacrifice of Bulls

Let us listen once more to the words of Herodotus about ancient Egypt. The great traveler read what he had written down and held the interest of large crowds on the streets of Athens almost 24 centuries ago.

"No other country," he said, "has so many wonders as Egypt. The climate is different from that of the rest of the world, and the customs of the people are different."

"The women of Egypt go out to the markets while the men stay home working at the loom. People in general eat their food outdoors."

"An Egyptian woman cannot serve in any priestly office. The

men are priests for both the gods and the goddesses. The sons in a family do not have to support their parents unless they wish to do so. The daughters, on the other hand, must work for their parents in all cases.

"In other countries, priests have long hair, but in Egypt their heads are shaved. The Egyptians

Cattle were important in farm work carried on in ancient Egypt.

wear no hair at any time, except when they mourn the death of a relative. Then they let their beards and the hair of their heads grow long.

"The Egyptians spend too much on religion. They drink from brass cups, which they wash every day. They wear clothing made from linen cloth, and always keep it clean."

"The priests bathe twice a day, and twice at night. They have no expense for anything. Bread is baked for them from holy grain, and each one is given plenty of beef and goose flesh."

"The priests sacrifice a bull which does not have a single black hair. They cut off its head and heap curses on the head. Then they sell it to a Greek trader, or throw it in the river. They pray that any evil may fall on that head, not on the heads of the Egyptians. They will never eat the head of any animal."

"When they sacrifice in honor of the goddess Isis, they burn the bull's body, except for the legs, shoulders and some other parts. The later are set aside to be eaten."

"Cows are never burned at such a time, since they are sacred to Isis. The statue of this goddess has the form of a woman but the horns of a cow."

"When a cow dies, it is thrown into the river. A bull, on the other hand, is buried in a suburb, with one or both of its horns above the surface of the ground to mark the place."

(For general interest or history section of your scrapbook.)

## Acts AT ONCE to relieve BRONCHIAL COUGHS

Prescribed for over thirty years. Pertussin—a well-known herbal cough remedy—is scientifically prepared to work internally. It not only relieves your coughing spasm but also loosens sticky phlegm and makes it easier to raise. Safe and effective for both old and young! All drugstores.

### No Cause Worthier, Premier Hart Says

"I know of no other cause more worthy" was the commendation Premier John Hart, speaking on behalf of the Red Cross campaign now in full swing in Victoria.

"During March, Canadians will be asked to subscribe to a \$10,000,000 fund for the financing of Red Cross organization work. I know of no other cause more worthy of the people's support than that carried on by this society," Premier Hart said.

"I am mindful that in the past British Columbia has responded generously to every appeal that has been made by the Canadian Red Cross, and I have no doubt that the work of this organization will again commend itself to the people."

"As war progresses the demands placed upon the Red Cross increase rather than diminish; consequently, I would urge the citizens of this province to make every sacrifice in contributing to the funds of this association. By so doing we can be assured that when our men and women are in need, or lie wounded as a result of combat, somewhere a Red Cross worker will be bringing them assistance and kind attention which will alleviate their suffering."

## Red Cross Nets \$25,000 Today

Red Cross campaign fund stands close to \$25,000, officials report at headquarters, 909 Government Street today. This includes donations of \$18,336.98 to date last night, broken down into the following committees: Special, \$5,165; business, \$792.50; residential, \$1,772.35; industrial, \$195; service, \$370.23; hotels, \$301; and outside, \$31.90.

Latest subscriptions include: Mrs. G. Anstey \$10, James Adam \$10, H. C. Bray \$10, W. T. Bowles \$10, Alice M. Carr \$10, H. W. Davey \$25, G. J. Elmsley \$10, L. P. Emerson \$10, Mrs. K. Fraser \$10, Miss E. M. Fraser \$20, Mr. and Mrs. E. P. Gillespie \$15, D. E. Galloway \$15.

Samuel Greenwood \$25, Magistrate H. C. Hall \$10, Hawkes Bros. Service Station \$10, Mr. and Mrs. E. H. King \$10, Mr. and Mrs. W. H. Lawson \$25, Annabelle MacKay \$10, Mrs. W. J. Mable \$25, Mrs. A. McHarey \$10, Mr. W. B. Menzies \$10, Mrs. L. M. Nixon \$25, Capt. C. D. Neroutos \$25, C. D. Orchard \$10, Miss E. M. A. Phipps \$10, Mr. and Mrs. J. A. Pope \$20, W. Pomeroy \$20, Mrs. W. J. Rattray \$10, Mrs. H. H. Rowley \$25, Miss Ann Robb \$10, Mrs. J. R. Roy \$15, Mrs. M. D. Seattle \$10, Miss M. Sill \$10, A. G. Shepherd \$20, Mrs. F. Swerford \$10, Miss M. H. H. Swinton \$15, R. H. Swinton \$20, Mrs. E. Thorpe \$100, W. P. Unsworth \$25, Mrs. J. O. Wilson \$10, Mrs. H. P. Watson \$10.

## Bail Set at \$5,000

Bail was set at \$5,000 today for Don Avarado Ricardo, charged with killing in an automobile accident, Tuesday, Albert Edward Tudor. Trial was set for Tuesday in city police court.

An inquest into the death will be held at McCall Bros. Funeral Home at 10.30 Thursday. Ricardo is represented by Allan Baker. Inspector J. F. C. Vance, Vancouver criminologist, is studying the accident with city police and detectives.

The rapid decline in the death rate from pneumonia in recent years is largely due to the more extensive use of sulfa drugs.

## TOWN TOPICS

Victoria's centenary celebration committee will meet tonight at 8 in the City Hall.

The concluding address on prophecy is to be given Sunday evening in Belmont Avenue United Church when Rev. H. W. Kerley will speak on "The Beast of Revelation."

Wild lilies are in bloom at Colwood. Patricia Parker, R.R. No. 1, Colwood, brought the first one into the Times this morning. She and a group of friends picked several of the flowers this morning.

Mayor J. W. Cornett, Vancouver, will join members of the Victoria City Council for the special centenary service in Christ Church Cathedral Sunday morning. Mayor Andrew McGavin said today.

Relatives living in Victoria of the Marquess of Ailsa, 70, who died in Scotland on Saturday, are his cousin, F. Follett Osborne, 3009 Dean Avenue, and his second cousin, Leslie Follett Osborne, 3001 Dean Avenue, who have lived here many years.

A gasoline pump at a Union Oil Station was damaged Tuesday night by thieves who attempted to secure gasoline. E. A. Rennie, 434 Vincent Avenue, reported today to police the theft of a wallet containing \$14 in cash and a \$3 postal order from the glove compartment of his car.

## Loss of Rent Item In Fixing Rates

Compensation might be considered for landlords for loss of rent occasioned by extensive repairs and renovations required on premises damaged by willful actions of tenants, Judge H. H. Shandley indicated in rent court today.

He was told by one landlord his tenants had so mistreated floors and walls of a house that far more than ordinary redecoration was needed and premises could not be rented for six weeks after they became vacant.

The judge said that was a matter which might be given special attention, although it was not covered in the act.

During the hearing M. A. van Roggen applied for fixing of rentals on five suites he plans in the old Wilkerson home on Rockland Ave. across from Government House. He was promised early action.

Mr. van Roggen asked that the particular amenities of the locality be taken into consideration, together with the view, when rents were fixed.

Judge Shandley remarked he had called for opinion on those points from tenants in a similar case. The tenants, he said, had chosen accessibility to a street car ahead of artistic situation in that case.

Of 21 cases heard during the morning, 12 were for rent fixing on recently converted structures.

## 4-Cent Stamp Rate May Mean Reprint

A reprinting of the current grey 4-cent stamp in red to meet with agreements of the International Postal Union was predicted today by G. H. Gardiner, postmaster here.

Mr. Gardiner said it has been the custom to have a green stamp for printed matter and a red stamp for first class mail destined for points in the western hemisphere. He said the government may reprint the present 4-cent stamp red to comply with these arrangements.

Mr. Gardiner also felt that the current brown 2-cent stamp could be reprinted green to comply with these agreements.

The new rates bring the mail cost to the highest in Canadian history. Before the last war first class mail cost 2 cents, but the increase to 3 made during the war continued for about 10 years. Returned to 2 cents for a few years, the first class letter rate was again increased to 3 cents during the depression.

In England today first class mail costs 2½d., the equivalent of 5 cents here. The prices in Australia are even higher. The Post Office here had no warning of the new legislation. It is expected a large volume of the 4-cent stamp will be available before April 1, after which the 4-cent stamp will be necessary on all first-class mail.

## 40 Bottles Liquor Taken From Cafe

Forty bottles of gin, rum and scotch were confiscated today after Joe Sang pleaded guilty of having the liquor in the kitchen of the Don Mee Cafe, 538 Fisgard Street. Sang was fined \$100.

Sang was represented by P. J. Sinnott. The raid was made by city police Feb. 6.

# Budget Accepted Without Complaint

"I think Mr. Hsley is carrying out a difficult job just as well as any man possibly could," Mayor A. McGavin said today, commenting on the federal budget brought down by Finance Minister Hsley.

"We can't complain over this budget. It might have been very much more severe. We in Canada should be thankful we have felt little more from the war than a few extra taxes. When we think of the hazards some of our boys face and have faced, we can only give thanks that our civilians have been treated so lightly. If Canada is going to be a better place to live in after this war and rehabilitation schemes now discussed are put into operation, I don't think the people of this country will object to the postwar maintenance of existing levies."

## LIKE "PAY-AS-YOU-GO" CLAUSE

Premier John Hart today studied in detail the Hsley budget. Of the pay-as-you-go plan he said: "I think it is by far the better plan—at the end of the year a person is settled; as far as income tax is concerned."

There seemed to be universal pleasure at the "pay-as-you-go" scheme.

"We'll feel it each month, but it is infinitely better that way than to have to save and save, and then see all your savings disappear in a lump," was the way a prominent civil servant put it.

## SUGGESTS CIGARETTE RATION

One man said he wished the government would ration cigarettes—about 100 a month.

"That's the only way most of us will cut down—as long as there are cigarettes we'll buy them, no matter what the price—and most of us smoke too much for our own good," he said, as he reached for another cigarette.

## Bull Manslaughter Case Goes to Jury

The Edward Bull manslaughter case went to the jury this afternoon following Mr. Justice H. L. Bird's charge, which began at 12.10.

The case for the defence was completed early today, following a view Tuesday afternoon of the scene of the accident where Sidney Auringer, four-year-old boy, was killed about 4.30, Dec. 24 last.

Bull took the witness stand Tuesday in his own defence. He stated he had not seen two boys, one of them Sidney Auringer, walking along the side of the highway as he drove to that section of East Saanich Road.

"I never saw the children," he said, adding his attention was probably distracted by other traffic on the road.

He first knew of the accident when two airmen ran after him and told him.

"I became panicky and exhausted," he said, adding he had been up all night but thought he was in a condition to drive his car. He remained in his automobile because a police officer had told him to stay there and consequently he had not walked back to the scene of the accident, he said.

Wilbert Arthur Crust, service station operator, testified Bull had left whisky in a rumble for him at his station about 3.45. At that time, witness said, the accused appeared to be normal. Dr. J. P. Vye said Bull might have had one or two drinks but was not drunk, "only very tired," when he, the doctor, examined him an hour after the mishap. Roderick Gray, Langford farmer, testified he originally thought a car ahead of Bull had struck the child, but was not certain his original impression was correct.

## Winch Requests Police Vouchers

Opposition Leader Harold Winch today asked that vouchers covering purchases from Gordon Campbell Limited for \$26,510, and A. H. Cox, \$2,104, listed for uniforms and equipment in police stores of Public Accounts, be presented before the Legislature's public accounts committee.

Mr. Winch moved that the committee make an inquiry to see if any inquiry has been made into methods of government purchasing.

He was ruled out of order. W. T. Straith, K.C., suggested that Mr. Winch, if he wants to know about inquiries into purchasing affairs, should ask the question on the House order paper.

"I want the principles of purchasing explained," Mr. Winch said, as he asked that the Comptroller-General, the Pur-

There was much pleasure, too, because half the sum owed for 1941 income tax has been wiped out.

"That leaves me \$200 to the good," said one woman. "I wish, though, we hadn't been led to believe it would all be wiped out—it was rather disappointing in that regard."

Generally speaking, no one is grumbling about the budget. People have come to expect they will lose more and more from their pay cheques.

## WHY WORRY?

"I don't even bother figuring out my tax in advance any more," a stenographer said. "I don't even know exactly how much I pay each month—and I'm not going to think a thing about it until I have to make out my income tax form. Why worry? You've got to pay and you might as well make the best of it."

## SERVICE MEN LIKE IT

A canvass of junior officers at Work Point Barracks today produced a general verdict that any move to cut the present impost on officers in receipt of incomes of less than \$3,500 was a step in the right direction towards eliminating an injustice.

None of them suggested they should be wholly exempt from income tax while serving in Canada, but the fact that warrant officers were in many cases receiving a higher monthly pay than commissioned officers was felt to be unjust.

## FINDS IT O.K.

"It's O.K. with me. I like this pay-as-you-go business," said William J. Clarke, president of the Vancouver Island Publicity Bureau.

Asked what he thought of the increased taxes on liquor and tobacco Mr. Clarke said, "They're all right with me, too."

Chasing Agent and the assistant deputy Finance Minister be called before the committee for questioning. He asked also for orders-in-council covering various government purchases.

Mr. Straith warned that the committee members, any more than the members of the House, could not discuss cases that are before the Appeal Court.

## Art and Artists

By I. S.

"Alert Bay," one of an early series of paintings by Emily Carr, largely an interpretation of the primitive culture of North British Columbia Indians, has been lent to the Vancouver Art Gallery by artist and art critic, J. Delisle Parker. This canvas, measuring about four by six feet, is typical of Miss Carr's work—decided in brushwork, bold in palette and rhythm in rhythm.

Another acquisition of the Vancouver Art Gallery is James Henderson's "Sioux Brave," lent by Lionel Cursan, local art collector.

The Armed Forces Exhibition, sponsored by the Federation of Canadian Artists (B.C. Region) is being held from March 5 to 18 on the first floor lecture hall and societies room, Vancouver Art Gallery. Best paintings will go east on tour.

R. S. Scott will display water colors from March 12 to 25. Mr. Scott has exhibited at Royal Canadian Academy many times.

Charles Scott, in favor of greater financial backing for the National Gallery in Ottawa, says that the gallery should exist for the purpose of giving out rather than drawing in. "No national institutions can hope for generous grants of public monies unless it maintains a vitalizing contact with society."

"National Gallery," he says, has (1) directing traveling collection; (2) promoted and encouraged child art classes; (3) sent exhibitions of Canadian art to Britain, America and Australia. These exhibitions, however, he says, have not been important enough, far enough or often enough.

"Art is a living thing born of a creative spirit and capable of keeping a people's vision clear on the good things of life."

## Building Down

City construction during February amounted to only \$38,121, against \$47,056 in the similar month last year, according to figures announced today by the city building inspector's office. In all 33 projects, including two dwellings, were listed last month, against 42 in February, 1942.

To date this year 96 permits have been issued for \$70,878 worth of building, against \$78,000 worth \$118,290 during the first two months of 1942.

The island of New Caledonia, 850 miles east of Australia, has a small potential source of rubber in its banyan trees.

## Obituaries

### Beaumont Boggs Dies After Active Life

Prominent among real estate men, Beaumont Boggs, 79, 625 Michigan Street, died Monday night at Royal Jubilee Hospital after a long illness. He was born in Halifax, N.S., and had lived in Victoria 57 years.

Mr. Boggs entered the real estate firm of Crane, McGregor & Boggs, later R. S. Day & Boggs, and finally carried the firm on under his own name. He retired from business about 10 years ago.

In 1931, in appreciation of his long association with the fire insurance business, Mr. Boggs was made a life member of the Victoria and District Fire Insurance Agents' Association, being the first to receive such a distinction. He was also made a life member of the Victoria Real Estate Board. From 1902 to 1905 he was a trustee on Victoria School Board.

Deeply interested in veterans' affairs and military matters, he was a life member of the Army and Navy Veterans and United Empire Loyalists. He served in the Riel Rebellion. He was a member of the B.C. Historical Association, and an ex-member of the Victoria Chamber of Commerce.

Mr. Boggs leaves his wife at home; one son, Capt. Arthur Boggs, in Iraq; one daughter, Mrs. H. R. Townsend; and three grandchildren. A son, Lieut. Herbert Boggs, was the first Victorian killed in the line in 1915.

Rev. George Biddle will conduct the funeral service Thursday at 2 in Hayward's B.C. Funeral Chapel. Burial will be in Colwood Burial Park.

EASTWOOD — Frederick Mercer Eastwood, 81, of Michigan Street, native of Yorkshire, Eng., and resident of Victoria and vicinity for 50 years, died here Tuesday. For 28 years he was lightkeeper at Race Rocks Light-house, and several years mechanic for the Dominion Marine Department in Victoria. He is survived by his wife at home, seven sons: Joseph, William, Ernest, Roy, Clifford, Chester and Gordon; four daughters: Mrs. H. Hawthorne, Mrs. (Capt.) Jos. Petterson, Mrs. A. Cox and Mrs. William Barrett, and 14 grandchildren. He was a member of Columbia Lodge No. 2, I.O. O.F. Ven. Archdeacon Nums will conduct the service in Hayward's B.C. Funeral Chapel, Friday, at 2. Cremation, Royal Oak.

HUDSON — Dr. A. E. Whitehouse conducted the funeral of Miss Annie Hudson, Tuesday, in S. J. Curry & Son Funeral Home Building, Royal Oak.

TUDOR — Rev. F. Comley will officiate at the funeral of Albert Edward Tudor Thursday at 3 in McCall Bros' Funeral Chapel, Burial at Royal Oak.

IBBESTON — At her home at Keating the death occurred Tuesday of Mary Ibbeston, 80, a native of England and a resident of Saanich for 24 years. She leaves her husband, Charles; one daughter, Mrs. J. N. Wood; one son, William, and one granddaughter, all living at Keating. Rev. W. N. Turner will conduct the funeral Saturday at 2.30 in St. Stephen's Church, Mount Newton Crossroads. Burial in the churchyard cemetery, McCall Bros. have charge.

Property sales in City For January \$141,945

Property sales throughout Victoria during January fell to 45 parcels of a total value of \$141,945 against 108 worth \$213,502 in January of last year, according to a statement issued today by the city assessor-collector's office. In addition 28 parcels worth \$100,615 changed ownership through transfers and 15 more worth \$29,710 through wills, making the total in new hands during the first month of this year \$272,270. In January 1942 the aggregate was \$308,832.

The current year's total remained above that of 1940, when 54 properties sold for \$111,710.

## Streetcar Fine \$75

Convicted of obstructing a streetcar by physical interference with the operator, Charles E. Michael today was fined \$75.

George C. Belcher, streetcar motorman, testified Michael Feb. 15 got on his Oak Bay car at Fort and Government, put only five cents in the fare box, was abusive when asked for a penny to complete the fare, pushed him, Belcher, off his balance so the emergency was applied, and pulled his cap down over his eyes.

MONTREAL (CP) — Very Rev. John H. Dixon Tuesday night was elected Anglican bishop of Montreal on the third ballot. Dr. Dixon, dean of Montreal and rector of Christ Church Cathedral, will succeed Rt. Rev. Arthur Carlisle, who died two months ago.

## Bands to Accent Red Cross Needs

Several Victoria bands are giving the down beat to the Red Cross drive by getting into the swing themselves.

The Garrison Military Band will get away to an early start Thursday at 10.30 from the Red Cross campaign headquarters, 909 Government Street. On Friday and the following Monday the R.C.N. Band will take over, after ceremonial drill which will take place on View Street between Douglas and Broad.

Miss Nellie Small will lead the Victoria Girls' Pipe Band on Saturday at 2.30.

Union, Sawmill Heads Postpone Negotiations

Negotiations between management of Victoria Lumber Manufacturing Co. Ltd., Chemalunus, and Lake Logging Co. Ltd., Lake Cowichan, and the Local 1-80 of the International Woodworkers of America (I.O.), last Sunday were postponed until the provincial Industrial Conciliation and Arbitration Act has been amended.

Similar proposed negotiations between the union and the management of the Youbou sawmill of the Industrial Timber Mills Ltd. were postponed for the same reason.

In addition to a union agreement, wages, union recognition and annual vacations were discussed.

About \$1,500 cash and \$25.50 per month will handle.

**\$4100**

**P. R. Brown & Sons Ltd.**  
1112 BROAD ST. G 7171

**Fairfield Near Sea**  
5-ROOM STUCCO BUNGALOW—Living and dining-room, kitchen, breakfast nook, basement, separate garage \$4500

**J. M. WHITTON & CO. LTD.**  
1015 BROAD ST. E 2132

## Planes Range Over Unter den Linden

# Berlin Fires Seen 200 Miles; Cathedral Goes As Blockbusters Rain

LONDON (CP)—While other formations of the R.A.F. bomber command attacked objectives in western Germany Tuesday night, bombers of the R.C.A.F. bomber group laid mines in enemy waters it was announced today.

Of three aircraft missing from the night's operations, two were Canadian, the R.C.A.F. announced.

The Air Ministry did not identify targets on the continent Tuesday night—the seventh consecutive night of aerial blows at the Reich.

Reuters news agency reports from Stockholm, meanwhile, said that great fires still were raging Tuesday night in Berlin, as a result of Monday night's raid, the worst pounding it has received from the R.A.F. since start of the war.

**CATHEDRAL GONE**  
A Berlin dispatch to Die Tat of Zurich, Switzerland, described the raid as the biggest Berlin ever experienced and asserted that the Hedwigsdom Cathedral, one of Berlin's most noted churches, was destroyed.

"Berlin never saw an attack like this one," the dispatch said.

**HALF-HOUR'S WORK**  
The terrific attack on Berlin was concentrated into 31 minutes, by contrast with the dusk-to-dawn spread of the Germans' biggest raids on London, when they came over single-file, and did not succeed in quenching the British defences.

Great fields of fire were sown in the German capital by tens of thousands of incendiaries tumbling down among the hundreds of blockbusters. They set up a glow that could be seen for 200 miles across the face of otherwise darkened Europe.

Buildings collapsed under 2-ton and 4-ton bombs as if they had been giant blocks of matches.

**FANTASTIC SCENE**  
A Stirling pilot said that Berlin under the raid presented a "fantastic and unforgettable scene."

Pilots said German fighters were up in great numbers along the route, but the flak over Berlin was light.

**COULD NOT BUTTON HIS COLLAR**  
Arm Weak After Rheumatic Pains

It is not sufficient merely to clear rheumatic pains out of the system—they must be kept out. For 10 years this man has been free from them.

"A bad attack of rheumatic fever 10 years ago laid me up for four months. When I started work, I could not raise my right arm sufficiently to button my collar at the back. Having to get my own living, I became very anxious, because of my arm being so weak. So I started taking Kruschen Salts in small doses straight away, and have been taking it ever since. I am pleased to say I have not been troubled with rheumatic pains during this time. Although I am 61 years of age, I feel quite fit for my work."

**J.E.M.**  
Kruschen dissolves away those needle-pointed crystals of uric acid which are so frequently the cause of rheumatic troubles. It will also help to flush those dissolved crystals out of your system. Then if you keep up "the little daily dose," excess uric acid is not likely to form again.

Kruschen is a British product, obtainable at all drug-stores, 25c and 75c.

**BUY NOW! AN EXTRA BOTTLE OF KRUSCHEN FREE**

You get an extra, trial size bottle free, when you buy the 75c size Kruschen. The supply is limited. Get yours now. Ask your druggist for the Kruschen GIANT package.

**RECTAL SORENESS AND PILE TORTURE QUICKLY RELIEVED**

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from Modern Pharmacy and Cunningham Drug Stores or any druggist and use as directed. This formula which has been used for a "small" way to relieve, will quickly relieve the itching and soreness and aid in healing the sore tender spots. Hem-Roid is pleasant to use, is highly recommended and it secures the highest of fully for anyone to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

lin itself was lighter than it had been before.

The raid so shook Berlin's propagandists that they hastened to their radios earlier than usual to beat London to the description of the attack.

While Berlin said the flames were quickly controlled, pilots said the inferno looked hotter than any they had built before in Germany, Italy or France.

Dispatches from Berlin to neutral points across the German frontier indicated the heaviest of the British night bombers had poured freely over the centre of Berlin.

They told of damage inflicted along the Unter den Linden "as the attackers followed their way up and down the city's most illustrious street."

**ADMIT 191 KILLED**  
German broadcasts Tuesday night said 191 persons were killed and 268 injured in the raid on Berlin. The Germans also revised upward their claims of the

number of British raiders shot down, reporting 21 had been destroyed.

The Air Ministry listed 19 planes, including two from the R.C.A.F. bomber group, as lost in Monday night's forays, which included attacks on targets in France and mine-laying in enemy waters.

The Berlin radio announced that British air raiders were over western Germany Tuesday night, and the German-controlled Paris radio told of attacks on occupied France.

The Berlin broadcast asserted that comparatively few planes participated in the raids on Germany, and spoke of bad weather over the continent. The Germans acknowledged, however, that the R.A.F. raiders had caused some casualties and damage to buildings. They reported one British bomber shot down.

**NO RETALIATION**  
Contrary to expectations, the

Germans did not retaliate for Monday night's smashing R.A.F. R.C.A.F. raid on Berlin by striking back at London with one of their customary face-saving attacks Tuesday night.

For the third successive night the ministries of Air and Home Security reported that not a German plane came over Britain during the hours of darkness.

**BLAST LOCOMOTIVES**  
Keeping up the 'round-the-clock offensive, R.A.F. planes attacked targets in northern France and Belgium Tuesday and one squadron damaged 16 freight locomotives, canal barges, lock gates and railroad bridges.

A Canadian pilot of a Whirlwind said he circled the Bergues rail station for 10 minutes waiting for what he thought was a freight train to come out. It proved to be a passenger train and the passengers waved as he flew alongside. The pilot kept his bombs and went on to blow up a couple of trucks near Dunkerque.

Police graduates parade at Douglas House for Attorney-General R. L. Maitland and Commissioner T. W. S. Parsons, shown at left.

Attorney-General R. L. Maitland and Commissioner T. W. S. Parsons Tuesday attended graduation of 16 provincial police officers who have completed a six weeks' course at Douglas House, the B.C. Police training school.

The Attorney-General expressed pleasure at the men's fine appearance and felt sure their intensive tuition would

stand them in good stead on their return to their posts in various parts of the province. He dealt with the question of personal judgment in their work in handling many matters. Every case, he said, would not call for a prosecution, but many would call for the exercise of much human understanding. He warned they would have their trials, their criticisms and their difficulties, but if they did their duty fairly and fearlessly no more could be expected of them. He said there is no such thing as political preferment; promotion is a matter of service and personal accomplishment, and there is no position in the force

to which they might not aspire.

The Attorney-General watched a parade of the uniformed men and later shook hands with each individually.

The graduates were: Constables D. H. Pye, Castlebar; G. D. Ball, Kamloops; R. W. Sinclair, Prince Rupert; F. D. Patton, Ladysmith; F. J. Clunk, Chemainus; E. Bradley, Prince Rupert; R. J. Broderstone, Port Renfrew; E. Corson, Courtenay; W. L. Cowan, Armstrong; A. N. Van Meer, Victoria; J. E. D. Cox, Grand Forks; T. D. Robertson, Ucluelet; P. W. Howarth, Cranbrook; N. W. Wells, Penticton; G. A. Perry, Prince George, and M. Cramond, Victoria.

number of British raiders shot down, reporting 21 had been destroyed.

The Air Ministry listed 19 planes, including two from the R.C.A.F. bomber group, as lost in Monday night's forays, which included attacks on targets in France and mine-laying in enemy waters.

The Berlin radio announced that British air raiders were over western Germany Tuesday night, and the German-controlled Paris radio told of attacks on occupied France.

The Berlin broadcast asserted that comparatively few planes participated in the raids on Germany, and spoke of bad weather over the continent. The Germans acknowledged, however, that the R.A.F. raiders had caused some casualties and damage to buildings. They reported one British bomber shot down.

**NO RETALIATION**  
Contrary to expectations, the

Germans did not retaliate for Monday night's smashing R.A.F. R.C.A.F. raid on Berlin by striking back at London with one of their customary face-saving attacks Tuesday night.

For the third successive night the ministries of Air and Home Security reported that not a German plane came over Britain during the hours of darkness.

**BLAST LOCOMOTIVES**  
Keeping up the 'round-the-clock offensive, R.A.F. planes attacked targets in northern France and Belgium Tuesday and one squadron damaged 16 freight locomotives, canal barges, lock gates and railroad bridges.

A Canadian pilot of a Whirlwind said he circled the Bergues rail station for 10 minutes waiting for what he thought was a freight train to come out. It proved to be a passenger train and the passengers waved as he flew alongside. The pilot kept his bombs and went on to blow up a couple of trucks near Dunkerque.

Police graduates parade at Douglas House for Attorney-General R. L. Maitland and Commissioner T. W. S. Parsons, shown at left.

Attorney-General R. L. Maitland and Commissioner T. W. S. Parsons Tuesday attended graduation of 16 provincial police officers who have completed a six weeks' course at Douglas House, the B.C. Police training school.

The Attorney-General expressed pleasure at the men's fine appearance and felt sure their intensive tuition would

stand them in good stead on their return to their posts in various parts of the province. He dealt with the question of personal judgment in their work in handling many matters. Every case, he said, would not call for a prosecution, but many would call for the exercise of much human understanding. He warned they would have their trials, their criticisms and their difficulties, but if they did their duty fairly and fearlessly no more could be expected of them. He said there is no such thing as political preferment; promotion is a matter of service and personal accomplishment, and there is no position in the force

to which they might not aspire.

The Attorney-General watched a parade of the uniformed men and later shook hands with each individually.

The graduates were: Constables D. H. Pye, Castlebar; G. D. Ball, Kamloops; R. W. Sinclair, Prince Rupert; F. D. Patton, Ladysmith; F. J. Clunk, Chemainus; E. Bradley, Prince Rupert; R. J. Broderstone, Port Renfrew; E. Corson, Courtenay; W. L. Cowan, Armstrong; A. N. Van Meer, Victoria; J. E. D. Cox, Grand Forks; T. D. Robertson, Ucluelet; P. W. Howarth, Cranbrook; N. W. Wells, Penticton; G. A. Perry, Prince George, and M. Cramond, Victoria.

## MacDonald-Eddy's 8th Musical Film

Jeanette MacDonald and Nelson Eddy appear in their eighth musical romance together in "I Married An Angel," screen version of the Broadway stage hit, coming to the York Theatre tomorrow.

The new picture is a lavish musical romance woven about a wealthy playboy who dreams he marries an angel, thereby getting into a ludicrous series of complications, amid which are a series of lavish musical presentations.

One of the highlights is a great party, in which 100 beautiful girls, chosen from models, beauty contest winners and others from all parts of the country.

**'Forest Rangers' Showing at Atlas**

Telling its thrilling love story in fiery technicolor, Paramount's powerful romance of far-flung timberlines, "The Forest Rangers," opens at the Atlas Theatre with Fred MacMurray, Paulette Goddard and Susan Hayward heading the star-studded cast.

Directed by George Marshall from a story by Thelma Strabel, author of "Reap the Wild Wind," this latest drama of the great outdoors glorifies the men of the forest service.

**CAPITOL THEATRE**  
The reason for the influx of name bands on motion pictures of late is obvious—the bands are strong at the box office. Typical of their fabulous popularity, which bids fair to equal that of our best-known film stars, is the wide prestige enjoyed by Harry James and His Music Makers, currently starred in 20th Century-Fox's new Technicolor musical, "Springtime in the Rockies," currently at the Capitol Theatre.

The merry film also stars John Payne, Betty Grable, Carmen Miranda and Cesar Romero.

Harry James and his lads have proved their box office value, for, in a recent radio network poll, they were selected as number one "live" organization in a ballot that involved every important band.

**OAK BAY AND PLAZA THEATRES**  
Like all really great comedians, Eugene Pallette is a master of pathos, and at last this facet of his dramatic talent has been drawn on to the full.

Pallette dies in a motion picture.

His role as Priscilla Lane's millionaire father in the society drama "Silver Queen," which is currently at the Oak Bay and Plaza Theatres, gives him ample opportunity to emote
